Hi,

We received your request to remove your email from our website.

To provide some background, the Hollywood Center Project is an Environmental Leadership Development Program (ELDP) Project and, in accordance with Assembly Bill 900 and Public Resources Code Section 21186, the City is required to make any comment on the Draft EIR available to the public in a readily accessible electronic format within five days of its receipt.

That said, can you please clarify if you would like to redact your email address from your email correspondence, or retract your comments from the administrative record (i.e. remove the entire email)? Please note if you retract your comment, it will not be responded to in the Final EIR.

Please confirm how you would like to proceed. I am happy to jump on a phone call if you would like a more thorough explanation.

Thank you.

Hi I wasn't aware when sending an email that my info would be up on the website there was no warning. I don't understand why this comes up if you search my name. I now feel uncomfortable seeing that my email address is on the site and the email I sent is up. I would like for this to be taken down. Thank you.
