Hi John,

Thank you for your email. We are currently working on the Final EIR and are hoping to release it by the end of July or early August. However, that is a projected goal, and no actual date has been set at this time, nor have any dates been set for a public hearing. If you are not already on the Interested Parties list, I can be sure to add you so that you will be notified when the Final EIR becomes available, and when any public hearings or meetings are scheduled for this Project.

Let me know if you have any other questions.

Dear Ms. Nguyen -

I have heard from several different people that the City's planned timeline for the Hollywood Center project includes a return of the Final EIR before the end of July.

First, is that true? Second, are there already tentative hearing dates planned, or estimates of when hearings might be held?

As you know, the project has generated a great deal of interest among affected community members and a very high level of public participation can be expected. If the City already has an ideas as to expected hearing dates, even if only rough estimates (e.g., in a particular month), I strongly recommend publishing that to the community as soon as possible so people can plan accordingly.

Best regards,

John Given
