**Subject:** Re: Hollywood Center Public Comments section

---

Hello,

Please note that there are three subheaders under which our Public Comments are categorized:

*Comments on DEIR*

*Public Comment*

*Public Correspondence Received During DEIR Comment Period Not Commenting on Contents of DEIR*

The "Public Comment" subheader under the "Public Comments" header was recently added to distinguish between public comments that were received during the DEIR comment period, which ended on June 1, 2020, or in response to the DEIR (filed under "Comment on DEIR" or "Public Correspondence Received During DEIR Comment Period Not Commenting on Contents of DEIR", depending on the content), and general public comments that were received thereafter (filed under "Public Comment").

There were two instances where a comment letter was removed per the commenter's request. The first rescinded their comment altogether, and the second resubmitted a new comment letter that is being re-uploaded in the next batch of correspondence under a new email submitted by the same commenter. Other than that, no comment letters have been removed from our website. Please also note that on occasion, comments letters have been recategorized; however, all comment letters that have been submitted to date are available on our website, consistent with AB 900 requirements.

Again, if there is a specific comment letter about which you are inquiring, I would be happy to look into it further for you or help you find it on our website, in case it was moved.

Let me know if you have any further questions.

Thank you.

There are several comment letters that were submitted in **June and July 2020**. It appears as though that same section now stops at 6/12. My question then relates to any and all comments that were previously posted in this section, on and after 6/12, that have disappeared from the public record.

Hello,

May I ask which comment letters you are referring to specifically? I will be happy to look into it further.

Thank you.

Dear Miss Nguyen,

Can you please advise as to why the public comments section has been edited and public comment letters have been removed from the city website?

Thank you.
