Subject: Re: Why is the planning commission ignoring relevant geological data?

Dear Mr. Lichtman,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project.

Regards,

Hi Ms. Nguyen

This utter failure of the planning process is either due to bribes or utter incompetence.

If the planning commission continues to endanger our community, you'll only leave us the option of using social media to develop a movement to replace the city government members responsible for this outrage.

Given the demonstrated success of such actions elsewhere, I suggest that you alert the planning commission of this possibility.

Thank you.
