Subject: Re: Hollywood Center Project hearing 8/26

Hi Mary,

Per my email sent last Friday, while the Notice of Public Hearing states that the Final EIR is being considered at the hearing, due to a late letter that was received by the California Geological Survey (CGS), the Final EIR continues to be processed by the Department of City Planning. A separate Notice for the Availability and Completion of the Final EIR will be sent to interested parties and all commenters on the Draft EIR when it has been completed. Pursuant to Section 21092.5 of the Public Resources Code (CEQA), the lead agency shall not certify the EIR for at least 10 days following the release of the Final EIR. Accordingly, the Deputy Advisory Agency (DAA) is likely to take the VTT case under advisement. Note, however, that the DAA and Hearing Officer we will still be collecting public testimony on both the VTT and CPC cases, as well as the EIR, if there are any new comments.

Let me know if you have any other questions.

Hi Mindy,

I am re-reading the notice of the meeting and it says that the Advisory Agency shall consider the information contained in the (draft EIR) and "the Final EIR dated August 2020).

I am not aware that the final EIR has been released. Has it been released and if so where can I find it?

Thanks,
Mary Ledding
