Subject: The Hollywood Center

Hi Ms. Nguyen,

There were a few questions I hoped would be answered during the course of Wednesday's hearing. Maybe I missed them – a five-hour hearing is quite a slog. In any case, would you help me with these?

First, I was wondering when the public would be able to see the proposed Development Agreement. I'd also like to know when the final EIR is expected to be released. Finally, it's my understanding that the California Geologic Study asked for new trenching. Has it been ordered, and if so, when is this new trenching on the site scheduled to be done?

I'm sorry to add to your work load with these questions, but I live close to the site, and have been following this project for years, since the earliest community meetings. Some more clarification at this critical point would really help.

Thanks very much,

Monique de Varennes
