---

At the August 26 hearing for Millennium's Hollywood Center Project, Alternative 8 was presented. This was my first time hearing of it.

Would you please provide me the links where I can find it in the vast DEIR on Planning's website? I haven't been able to locate it. I am also curious to know what date it was posted.

I am also copying on HHWNC President, Vice-President and PLUM chair and Infrastructure chair for their information purposes.

Thank you,

Best,

Brian Dyer
