Subject: Re: Notice of Availability for the Hollywood Center Project Final EIR (ENV-2018-2116-EIR)

Dear Mindy,

Thank you for the information.

I reviewed the documents; however, found nothing that would pertain to improving the sidewalks aesthetics -- specifically, installing *decorative pavers*.

Do you know whether the developer is considering Pavers - for the sidewalks adjacent to the property? (I believe, they certainly should be installed, considering it's a very prominent area and has high pedestrian activity).

Thank you.
