**Subject:** Re: Agency Correspondence folders - still a dearth of communications VTT-82152 / ENV-2018-2116-EIR

---

As for the Zip files that you were sent, along with other Gmail archives that contained correspondence that is a matter of public record, why have those attachments been removed from the emails ?

To clarify: Have you collected internal emails dating back to 2018?

I believe the entire purpose of the public review process includes reviewing correspondence. Providing correspondence that is a matter of public record after public hearings negates the public participation process.

Hopefully Mr. Bullock can respond independently of the DCP since he represents a public official and has a fiduciary duty to the constituents.

Thank you.

Hello,

Thank you for your email. To clarify, in my email dated September 17, 2020, I had stated that we were currently in the process of *collecting* internal emails from City staff those who may have correspondence regarding the Project, and invited you to check back with me in a week or two to see when those will be posted.

A request was submitted last week to IT to get them uploaded by the end of this week, and will include Craig Bullock's emails. I know that the emails from Daniel Schneiderei are also of interest to you; however, LADBS submitted an extension until November 16, 2020 to provide us with the requested documents. As such, please be advised that Daniel's folder will not contain any updated correspondence.

Let me know if you have any questions.

**Dear Mindy:**

In mid September, you informed me you were "working" on uploading all of the communications that remain missing in the Agency Correspondence / Email Correspondence section of the public record.

Communications date back to 2018 with most folders having nothing that shows current communications. Nothing within the last 6 months to a year in many cases.

Please advise as to when the communications the DCP has been withholding from the public will be made available for public review.

Thank you.

**Mr. Bullock:**

Members of the community have requested you make your communications available as well as the Councilmember's.

Your office has been silent as to this request which is incredibly disappointing. Is there a specific reason you ignore your constituents?

Thank you.
