If such authority existed, I'm not sure legal authority that allows your client to remove documents from the administrative record is protected by attorney client privilege.

My request is unrelated to attorney client privileged information. My request remains unanswered and avoided.

Please provide the code section that allows you to remove a comment or its attachment once it has been submitted and made available to the public.

Please make sure this email and the thread in its entirety are uploaded into the administrative record within 5 days of today.

Have a nice weekend.

Subject: Re: Fw: Re: Millennium Hollywood Public Record

Hello,

The City has the inherent authority and responsibility under CEQA as Lead Agency for this Project to ensure that its administrative record is accurate and complete. As Caltrans requested that we substitute its later letter for the original, the City has done so in order to ensure that the record accurately reflects all commenters' positions on the issues.

Regards,
