Hi,

We've reviewed our website record and I believe the screenshot you previously sent is either not current, or perhaps you were viewing a cached version of our website?

If you visit our website, there are both 2019 and 2020 emails uploaded. Please see [direct link here](#).

Best regards,
Milena

Hi Ms. Webber.

The running record shows there are many communications that include you however there is nothing from 2020 in your email communications folder. I've attached a screen shot of the 6 items for your reference.

Would you please either provide your communications related to the Hollywood Center project and/or upload them to the public record? These are a matter of public record and as such, must be accessible by the public during the administrative process so the public has all of the information.

Thank you in advance.

Hi Lisa,

I'll talk to Mindy about it and we will respond to him directly. He makes similar claims about missing emails to her regularly. So we can point him to the webpage where all these documents are located.

Okay, that's helpful. I'm just not sure if it is appropriate for us to be corresponding directly with this party - Milena can you advise. I want to follow the appropriate protocol.

I think they are looking at an outdated/cached version of the website?

This link below includes lots of emails in 2020:
