Dear Mindy,

The public has a right to know what is taking place for this project. The more you and your department try and keep behind closed doors, the more flags continue to get raised.

We have rights to be informed as to if and when any trenching will be taking place on the property, which affects the public surrounding areas and neighborhood.

Please reply back with the current status of the trenching LADBS has demanded; the one that promised to be carried out with transparency.

Thank you.

Hello,

I have just followed up with LADBS regarding our request for correspondence, and can keep you apprised of when Daniel Schneiderei's emails are in receipt and posted to our site. There is no new information regarding trenching plans at this time.

Regards,

Good morning Mindy.

Hope you had a nice Thanksgiving.

Checking in on the below re Schneiderei's email folder and other correspondence missing from the record.

I also wanted to ask if you could please provide an update on any trenching plans that have already taken place, or are currently scheduled.

Thanks in advance.

Hello,

As also stated in my email dated October 14, 2020, LADBS had asked for an extension until November 16, 2020 to provide our Department with the requested correspondence, and includes Daniel Schneiderei's emails.

For your convenience, I have provided a link to the above-referenced email here, so that there is no mistake regarding what information was provided:

Okay, that's helpful. I'm just not sure if it is appropriate for us to be corresponding directly with this party - Milena can you advise. I want to follow the appropriate protocol.

Lisa

I think they are looking at an outdated/cached version of the website?

This link below includes lots of emails in 2020:
