Mindy:

As you may recall, my client Kilter Films filed comments this past summer in connection with the Hollywood Center project. One of the comments was in the form of an email from Elena Beecher of Kilter Films (copy attached). Ms. Beecher has recently discovered that a Google search of her name results in a link to the attached comment letter. As you will note, the comment letter reveals Ms. Beecher's email address and the name and address of her place of employment.

On behalf of Ms. Beecher, we would like to request that Ms. Beecher's comment letter be removed from the City Planning Department's online database due to privacy concerns. We, of course, have no objection to the comment letter remaining as part of the written record in connection with this project.

I will reach out to you by telephone tomorrow to discuss this request. Please feel free to suggest a time that is convenient to your schedule.

Thank you.

Hello Ms. Nguyen,

I hope this email finds you well. I am writing on behalf of [REDACTED] in hopes that you are still accepting written comments on the Hollywood Center Project due to the current climate.

We are concerned that the current plan routes every piece of vehicular traffic for the West building onto Ivar Ave., instead of putting entrances/exits onto Yucca or Vine. We are supportive of the development but deeply concerned about focussing all of the traffic onto our street.

Thank you for taking our concerns into consideration and please let me know if you have any questions or would like to discuss further.

Best,  
Elena
