Subject: Re: Millennium Trenching

Hi Jennifer,

Thank you for your email. It has been received and will be added to the administrative record for the Hollywood Center Project.

Moving forward, please direct any comments regarding this project to Jason McCrea and Alan Como, as they have been reassigned this case. They are cc'ed for your convenience.

Regards,

The Millennium Project around the beloved Capitol Records Tower has been going on for years. I've always maintained the project is too large for the area, and will cause untold traffic at an area that cannot handle it. Given it is on or near a fault, proper study of the area must happen and hasn't thus far.

With the current work, the city and developer must provide open, transparent and proper trenching by NEUTRAL experts NOT PAID FOR BY MILLENNIUM.

Thank you.
