**Subject:** Stop the secret trenching for the horrible Millennium project

---

There is so much decrepit behavior endorsed and allowed by city officials it's almost mind-boggling. The exodus from this city will be as well, if none of you start acting with integrity.

The Millennium project is one of the worst ideas to come through here in years, which is saying a lot given what a soulless, empty neighborhood Hollywood has become thanks to secretive money grabs in City Hall. Do the right thing now. Please.

**We demand open, transparent and proper trenching by neutral experts not paid by Millennium.**

This is an issue of the safety, security, and peaceful liveability of Hollywood residents.
