Subject: Hollywood Center Project @ Yucca St & Vine St

Hi Miya,

I am following up on a meeting that Caltrans has had with the project applicants and traffic consultant for the new Hollywood Center project. We would like to set up a meeting between our agencies and the parties representing the project to further discussions on the comments already submitted about the project and the future review of the study going forward.

Please let me know when you and your team are available to meet over the next two weeks or so.

Thanks,
