Subject: Hollywood Center Project Meeting

Hi Miya,

I'm sure it has been a struggle to coordinate with staff on a time when we can all meet to discuss the project, therefore I think it might be more productive to just have one meeting with our agencies and the project's team. It seems like it might be difficult to set up two different meetings with various different parties in a reasonable amount of time. I understand that the project team has met with Caltrans already and Caltrans has issued a letter in response to the project's NOP. Our understanding was that we were calling this meeting just to make sure we are all on the same page going forward and that the study properly addressed your concerns. I believe we should be able to do this with just one meeting with all parties.

Thanks,

Wes
