Hi Miguel,

The regular review fee for 68 intersections is \$25,000.

Expediting would be an additional \$5,183.62.

Wes

There are proposed physical mitigations at approximately ten locations, of which a few are identified as being feasible pending LADOT review. We also have the signal equipment upgrades along Hollywood Boulevard and Gower. Let me know if you need any other info.

HI Miguel,

To help me figure that out, what types of mitigation measures are you looking at?

Wes

Hi Wes,

We are pulling together the draft report for submission to LADOT. This study has 68 intersections. Can you tell me the normal review fee and expedited review fee for a study with this many locations? Thanks.

Regards,  
Miguel
