Hi William,

Your request was not received. Please reply to this email with instructions and any attachments. I will be at a conference most of the day but will try to complete your request if time permits later today.

Hello,

I am checking to confirm whether this request (see attached screenshot), which was submitted last Thursday, was correctly received. I did not receive the automated confirmation email.

In addition, I need to swap out the originally uploaded Initial Study PDF file for a different file. Do I need to submit a new web request on the intranet site, or can I provide the corrected PDF file via email?

Thank you!

Will
