Subject: Hollywood Center aka Millennium

Ms. Nguyen & Councilmember O'Farrell:

Re: *Case Number: ENV-2018-2116-EIR - I suggest Alternative 2 with modifications*

I'm not opposed to development in Hollywood, and I also applaud the developer of Hollywood Center for reducing offices, however, the project scale and massing is still too large. I urge you to not approve and instead encourage the developer to deliver Alternative 2 with the affordable housing and add some guarantees to keep small, non-chain businesses in the complex.

You owe it to the City to strike a reasonable balance - "downtown" Hollywood should be unique and not another Grove or Orange County development.

Thank you.
