Subject: Request to Extend Public Comment Period for Hollywood Center Project
Attachments: HH DEIR response_Hollywood Center_5.15.20.pdf

Dear Ms. Nguyen,

Please see the attached letter from Hollywood Heritage in support of the request from Hollywood United Neighborhood Council and other concerned parties to extend the deadline for public comment on the Draft EIR for the 6220 W Yucca Project and the Hollywood Center Project to August 1st, 2020.

These projects, individually and cumulatively, will significantly alter the historic infrastructure of Hollywood and in particular the Vista del Mar/ Carlos Historic District. In light of the coronavirus pandemic and the ensuing measures to protect the wellbeing of Angelenos, it is crucial for residents to have sufficient time to evaluate the potential impacts of new development on their community.

We strongly urge you to extend the public comment deadline to August 1st. Thank you for your work to support a democratic planning process.

Sincerely,

Richard Adkins

Re: Extend Public Comment Period for Draft Environmental Impact Report of Hollywood Center Project (Case No. ENV-2018-2116-EIR)

Dear Ms. Nguyen:

Hollywood Heritage is writing in support of the request from the Hollywood United Neighborhood Council and other concerned parties to extend the deadline for public comment on the Draft EIR for the Hollywood Center Project and 6220 W Yucca Project to August 1st, 2020.

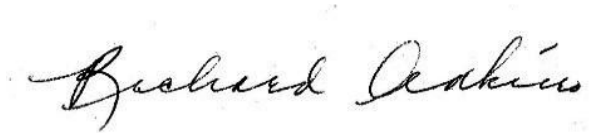

These projects, individually and cumulatively, will significantly alter the historic infrastructure of Hollywood and in particular the Vista del Mar/ Carlos Historic District. In light of the coronavirus pandemic and the ensuing measures to protect the wellbeing of Angelenos, it is crucial for residents to have sufficient time to evaluate the potential impacts of new development on their community.

As Co-Director of the Frank G. Wells Environmental Law Clinic at UCLA Sean Hecht described in his letter to Mayor Garcetti, City Attorney Feuer, and Planning Director Bertoni on March 23rd, 2020, the "Safer At Home" orders have dramatically altered public participation in the planning process. This includes restricted access to paper documents, logistical barriers to communication between and coordination of community groups and the innumerable ways coronavirus has forced residents to reprioritize their actions to meet basic needs. These challenges disproportionately impact our most vulnerable communities. Given these circumstances, additional time is needed to respond to projects of this magnitude.

HH DEIR response_Hollywood_Center_5.15.20.pdf

We therefore strongly urge you to extend the public comment deadline to August 1st. Thank you for your work to support a democratic planning process.

Sincerely,

A handwritten signature in black ink that reads "Richard Adkins". The signature is written in a cursive style with a prominent initial "R".
