Hi Mindy.

I'm forwarding an email received by Vince.

Thank you.

~ Angie

Please put a halt to these towers. They are way out of scale with Hollywood. Two buildings more in line with the other construction going on in Hollywood would be fine. There is no possible justification for the construction of these behemoths that I can see, other than the money to be made by developers. There is more reason now than ever to stop this project, given the recent ongoing scandals around LA politicians and development committee members. I urge you to do the right thing for us residents of Hollywood. Looking forward to your response.
