Subject: Re: Notice of Public Hearing for the Hollywood Center Project

I'm completely against this project. There is no way a project like this could sustain an earthquake when sitting on the fault. Also, the already compromised traffic would be horrendous.

The city only wants the tax revenue from this project and did not think of the Disastrous consequences when it was first preposed.

My vote is a huge NO as I'm sure many of the Hollywood residence would agree with me!!

Let's concentrate on the Homeless problem in our community.
