Re: Objection to 45-Day Comment Period for Hollywood Center Project Draft Environmental Impact Report (“DEIR”); Case Number ENV-2018-2116-EIR; State Clearinghouse Number 2018051002

April 27, 2020

Dear Ms. Nguyen:

The Argyle Civic Association (ACA) is a non-profit neighborhood group representing residents of Argyle Avenue and surrounding and intersecting streets in Hollywood. This is the exact demographic that will be most affected by the Hollywood Center project.

ACA has an active interest in participating in the current Hollywood Center DEIR comment process, but we find it impossible to do so in the 45-day comment period imposed by the City.

We strongly object to the City providing only the minimum allowed comment period during the unprecedented economic, social and public health upheaval resulting from the COVID-19 pandemic. *The minimum 45 days for the public to comment is entirely inappropriate under current circumstances.*

The commencement of the DEIR comment period should be set to a date after the lifting of local and state stay-at-home orders. Given the enormity of the materials to review and comment on, we suggest a minimum comment period of 120 days.

Sincerely,

Daniel Gadd
