**Subject:** SAVE HOLLYWOOD

---

Please take into consideration that this build takes away sunshine and views. It will look like Hong Kong not California. Gross. All for money. That is not the look of Hollywood. LA keeps uprooting and destroying historical locations as well as blocking the feel and look of why everyone wants to live here. Keep Classic Hollywood. Don't build these stupid disgusting ginormous buildings. It makes money for a few. But in the big picture it alters and forever changes and American Icon. Hollywood. Along with Capital Records. This is destroying LA and Hollywood. Please don't do this build. Thank you.

Ani Orris  
Hollywood
