To whom it may concern:

RE: Hollywood Center Project

I am pleased to support MP Los Angeles' Hollywood Center Project. As a native Los Angelino working over 20 years in the Hollywood Community, I've seen a myriad of changes to the Hollywood's resident make-up, workforce, and its overall landscape. MP Los Angeles has done a great job on designing a plan that will definitely have a positive impact on the community as it addresses housing and workforce challenges while being socially responsible creating a footprint that takes greenspace and community access into consideration. It will be an asset supporting needs for a community that continues to grow.

Hollywood Center 4.5-acre, LEED Gold Certified, mixed-use vertical community at Hollywood and Vine will bring over 1000 units including much needed low income senior living to Hollywood, space for businesses addressing parking needs and still while making sure to showcase Hollywood's iconic Capitol Records Building.

As the Executive Director for the Hollywood Police Activities League which provides LAPD Officer and volunteer lead youth programs for underserved kids in the community, I look at a business' commitment to improving the community when considering them as a partner. MP Los Angeles has been a part of the Hollywood community for years and they are dedicated to improving lives, opportunities, and experiences for all our locals.

The project will create new jobs, living spaces, and playing spaces. Personally, I think it will be a fabulous addition to the Hollywood community.

Should you have any questions or need additional information from me, please do not hesitate to contact me.

Respectfully,

Kitty Gordillo
