RE: DEIR COMMENT PERIOD FOR MILLENIUM HOLLYWOOD CENTER ENV-2018-2116-EIR

Dear Mr. Bertoni:

The draft Environmental Impact Report (EIR) for the Millennium Hollywood Center Project is set to close its window for comments on the first of June. This 45 day public comment period is for a dense document with potentially significant, long term impacts to the Hollywood area. Especially considering the additional unforeseen impacts caused by COVID-19, I respectfully request that the public comment period be extended to enable additional time for the public to review and comment on the draft EIR.

Sincerely,

David E. Ryu
Councilmember, District Four
