RE: Cultural/Archaeological Resources Records Search for the Hollywood Cherokee Apartments Project, City of Los Angeles, California

Dear Ms. Eyestone-Jones,

As per your request received on May 13, 2013, a records search was conducted for the above referenced project. The search includes a review of all recorded archaeological sites within a ½-mile radius of the project site as well as a review of cultural resource reports on file. In addition, the California Points of Historical Interest (SPHI), the California Historical Landmarks (SHL), the California Register of Historical Resources (CAL REG), the National Register of Historic Places (NRHP), the California State Historic Resources Inventory (HRI), and the City of Los Angeles Historic-Cultural Monuments (LAHCM) listings were reviewed for the above referenced project site. The following is a discussion of the findings.

Due to the sensitive nature of cultural resources, archaeological site locations are not released.

**Hollywood, CA USGS 7.5' Quadrangle**

**ARCHAEOLOGICAL RESOURCES:**

Three archaeological sites (19-002393, 19-003302, 19-003545) have been identified on our maps within a ½-mile radius of the project site. No sites are located within the project site. This does not preclude the potential for archaeological sites to be identified during project activities. No isolates have been identified within a ½-mile radius of the project site. No isolates are located within the project site.

## **HISTORIC BUILT-ENVIRONMENT RESOURCES:**

Sixty-seven above-ground historic resources (19-166802, 19-167094, 19-167177, 19-167272, 19-167273, 19-167374, 19-167483, 19-167544, 19-167554, 19-167559, 19-167566, 19-167579, 19-167580, 19-167582, 19-167589, 19-167596, 19-167616, 19-168045, 19-168050, 19-168051, 19-168059, 19-168063, 19-168068, 19-168070, 19-168071, 19-168073, 19-168074, 19-168076, 19-168077, 19-168078, 19-168079, 19-168080, 19-168089, 19-168608, 19-169136, 19-169137, 19-169138, 19-169139, 19-169139, 19-169285, 19-169287, 19-169289, 19-169320, 19-169321, 19-169323, 19-169328, 19-169336, 19-170690, 19-171016, 19-171017, 19-171030, 19-171033, 19-171036, 19-173461, 19-174178, 19-174200, 19-175206, 19-186999, 19-187260, 19-187937, 19-187939, 19-187940, 19-187941, 19-188458, 19-189954, 19-189990, 19-190265) have been identified on our maps within a ½-mile radius of the project site. No above-ground historic resources are located within the project site.

## **ADDITIONAL CULTURAL RESOURCE LISTINGS:**

The **California Historic Resources Inventory (HRI)** lists one hundred and thirt-nine properties that have been evaluated for historical significance within a ¼-mile radius of the project site (**see enclosed list**). These are additional resources that are listed in the Historic Properties Data file and are located either within the project site or within the search radius.

The **California Point of Historical Interest (SPHI)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ¼-mile radius of the project site.

The **California Historical Landmarks (SHL)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ¼-mile radius of the project site.

The **California Register of Historical Resources (CAL REG)** lists seventy-one properties within a ¼-mile radius of the project site (**+see enclosed list**). These are properties determined to have a National Register of Historic Places Status of 1 or 2, a California Historical Landmark numbering 770 and higher, or a Point of Historical Interest listed after 1/1/1998.

The **National Register of Historic Places (NRHP)** lists sixty-seven properties within a ¼-mile radius of the project site (**\*see enclosed list and see below**).

Hollywood 19-169320 Montecito Apartments 6650 Franklin Ave. LA 19850718 85001592

Hollywood 19-169336 Whitley Court 1720-1728 ½ Whitley Ave. LA 20040728 04000732

The **City of Los Angeles Historic-Cultural Monuments (LAHCM)** lists no properties within the project site.

## HISTORIC MAP REVIEW

**Santa Monica, CA (1902 & 1921)** 15' USGS - indicated that in 1902, there was little to no visible development in the project site; however, there were three roads and five buildings in the vicinity of the project area. The project site was located to the south of the Santa Monica Mountains and Cahuenga Pass. The project site was located within the historic place name of Hollywood. In 1921, there was still little to no visible development in the project site; however, there was a significant amount of development within the vicinity of the project area. The project site was located within a dense urban environment. All other previously mentioned features remained.

## PREVIOUS CULTURAL RESOURCES INVESTIGATIONS:

Forty-two studies (LA1578, LA1968, LA3319, LA3496, LA3682, LA4575, LA4580, LA4909, LA5070, LA5095, LA5329, LA5332, LA6409, LA6434, LA6464, LA6812, LA6813, LA7352, LA7562, LA7564, LA7565, LA7566, LA7992, LA8000, LA8016, LA8020, LA8251, LA9405, LA9549, LA9550, LA10149, LA10507, LA10916, LA11005, LA11206, LA11225, LA11783, LA11797\*, LA11992, LA12151, LA12154, LA12155) have been conducted within a ½-mile radius of the project site. Of these, one is located within the project site. There are sixteen additional investigations located on the Hollywood, CA 7.5' USGS Quadrangle that are potentially within a ½-mile radius of the project site. The reports are not mapped due to insufficient locational information.

(\* = Located within the project site)

## RECOMMENDATIONS

It appears that most of the natural ground surface within the study area is obscured by urban development; consequently, archaeological surface finds would be highly unlikely. However, based upon the known archaeological sensitivity in the surrounding area, buried cultural resources may be present. Therefore, due to a lack of cultural resources surveys for the project site, and in order to avoid damaging any buried resources, archaeological monitoring of all ground disturbing activities is therefore recommended. It is also recommended that any historic properties (45 years and older) in the area of potential effect be identified, recorded, and evaluated for local, state, or national significance prior to the approval of project plans. It is also recommended that the Native American Heritage Commission should be consulted to identify if any additional traditional cultural properties or other sacred sites are known to be in the area.

The professional consultant you retain may request the records search map, archaeological site records, and bibliography from the Information Center referencing the SCCIC number listed above for a fee (per the fee schedule). For your convenience, you may find a professional consultant\* at [www.chrisinfo.org](http://www.chrisinfo.org). Any resulting reports by the qualified consultant should be submitted to the South Central Coastal Information Center as soon as possible.

\*The SCCIC does not endorse any particular consultant and makes no claims about the qualifications of any person listed. Each consultant on this list self-reports that they meet current professional standards.

If you have any questions regarding the results presented herein, please contact the office at 657.278.5395 Monday through Thursday 9:00 am to 3:30 pm.

Should you require any additional information for the above referenced project, reference the SCCIC number listed above when making inquiries. Requests made after initial invoicing will result in the preparation of a separate invoice.

Sincerely,  
SCCIC

Lindsey Noyes  
Lead Staff Researcher

Enclosures:

- (X) HRI – 19 pages
- (X) National Register Status Codes – 1 page
- (X) Invoice #13061.9771

## California Historical Resource Status Codes

### 1 Properties listed in the National Register (NR) or the California Register (CR)

- 1D Contributor to a district or multiple resource property listed in NR by the Keeper. Listed in the CR.
- 1S Individual property listed in NR by the Keeper. Listed in the CR.
  
- 1CD Listed in the CR as a contributor to a district or multiple resource property by the SHRC
- 1CS Listed in the CR as individual property by the SHRC.
- 1CL Automatically listed in the California Register – Includes State Historical Landmarks 770 and above and Points of Historical Interest nominated after December 1997 and recommended for listing by the SHRC.

### 2 Properties determined eligible for listing in the National Register (NR) or the California Register (CR)

- 2B Determined eligible for NR as an individual property and as a contributor to an eligible district in a federal regulatory process. Listed in the CR.
- 2D Contributor to a district determined eligible for NR by the Keeper. Listed in the CR.
- 2D2 Contributor to a district determined eligible for NR by consensus through Section 106 process. Listed in the CR.
- 2D3 Contributor to a district determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2D4 Contributor to a district determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
- 2S Individual property determined eligible for NR by the Keeper. Listed in the CR.
- 2S2 Individual property determined eligible for NR by a consensus through Section 106 process. Listed in the CR.
- 2S3 Individual property determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2S4 Individual property determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
  
- 2CB Determined eligible for CR as an individual property and as a contributor to an eligible district by the SHRC.
- 2CD Contributor to a district determined eligible for listing in the CR by the SHRC.
- 2CS Individual property determined eligible for listing in the CR by the SHRC.

### 3 Appears eligible for National Register (NR) or California Register (CR) through Survey Evaluation

- 3B Appears eligible for NR both individually and as a contributor to a NR eligible district through survey evaluation.
- 3D Appears eligible for NR as a contributor to a NR eligible district through survey evaluation.
- 3S Appears eligible for NR as an individual property through survey evaluation.
  
- 3CB Appears eligible for CR both individually and as a contributor to a CR eligible district through a survey evaluation.
- 3CD Appears eligible for CR as a contributor to a CR eligible district through a survey evaluation.
- 3CS Appears eligible for CR as an individual property through survey evaluation.

### 4 Appears eligible for National Register (NR) or California Register (CR) through other evaluation

- 4CM Master List - State Owned Properties – PRC §5024.

### 5 Properties Recognized as Historically Significant by Local Government

- 5D1 Contributor to a district that is listed or designated locally.
- 5D2 Contributor to a district that is eligible for local listing or designation.
- 5D3 Appears to be a contributor to a district that appears eligible for local listing or designation through survey evaluation.
  
- 5S1 Individual property that is listed or designated locally.
- 5S2 Individual property that is eligible for local listing or designation.
- 5S3 Appears to be individually eligible for local listing or designation through survey evaluation.
  
- 5B Locally significant both individually (listed, eligible, or appears eligible) and as a contributor to a district that is locally listed, designated, determined eligible or appears eligible through survey evaluation.

### 6 Not Eligible for Listing or Designation as specified

- 6C Determined ineligible for or removed from California Register by SHRC.
- 6J Landmarks or Points of Interest found ineligible for designation by SHRC.
- 6L Determined ineligible for local listing or designation through local government review process; may warrant special consideration in local planning.
- 6T Determined ineligible for NR through Part I Tax Certification process.
- 6U Determined ineligible for NR pursuant to Section 106 without review by SHPO.
- 6W Removed from NR by the Keeper.
- 6X Determined ineligible for the NR by SHRC or Keeper.
- 6Y Determined ineligible for NR by consensus through Section 106 process – Not evaluated for CR or Local Listing.
- 6Z Found ineligible for NR, CR or Local designation through survey evaluation.

### 7 Not Evaluated for National Register (NR) or California Register (CR) or Needs Reevaluation

- 7J Received by OHP for evaluation or action but not yet evaluated.
- 7K Resubmitted to OHP for action but not reevaluated.
- 7L State Historical Landmarks 1-769 and Points of Historical Interest designated prior to January 1998 – Needs to be reevaluated using current standards.
- 7M Submitted to OHP but not evaluated - referred to NPS.
- 7N Needs to be reevaluated (Formerly NR Status Code 4)
- 7N1 Needs to be reevaluated (Formerly NR SC4) – may become eligible for NR w/restoration or when meets other specific conditions.
- 7R Identified in Reconnaissance Level Survey: Not evaluated.
- 7W Submitted to OHP for action – withdrawn.

re: Paleontological resources for the proposed Hollywood Cherokee Apartments Project, in  
the City of Los Angeles, Los Angeles County, project area

Dear Stephanie:

I have conducted a thorough check of our paleontology collection records for the locality and specimen data for the proposed Hollywood Cherokee Apartments Project, in the City of Los Angeles, Los Angeles County, project area as outlined on the portion of the Hollywood topographic quadrangle map that you sent to me on 10 May 2013. We do not have any fossil vertebrate localities that lie directly within the boundaries of the proposed project area, but we do have localities nearby that occur in the same sedimentary deposits that occur on the project property.

The entire proposed project area has surficial deposits consisting of soil on top of younger Quaternary Alluvium, derived as alluvial fan deposits from the Hollywood Hills of the Santa Monica Mountains immediately to the north. In this area, these deposits typically do not contain significant fossil vertebrate remains, at least in the uppermost layers. Due east of the proposed project area, however, we have four localities, LACM 6297-6300, collected from these late Pleistocene deposits at depths between 47 and 80 feet below the surface along Hollywood Boulevard between the Hollywood Freeway (Highway 101) and Western Avenue during excavations for the Metrorail Red Line tunnels and stations. Fossil horse, *Equus*, bison, *Bison*, camel, *Camelops*, and mastodon, *Mammuth americanum* specimens were recovered from these localities. Further afield, especially to the southwest near the Rancho La Brea asphalt deposits in

the Hancock Park region, fossil vertebrates have been recovered at shallower depths. The closest of these localities for example, LACM 3371, near the intersection of Sierra Bonita Avenue and Oakwood Avenue, produced specimens of fossil bison, *Bison antiquus*, at a depth of 12 feet below the surface. At about the same distance from the proposed project area, but to the southeast, we have additional Late Pleistocene localities including LACM 5845, along Western Avenue just south of Beverly Boulevard, that produced a fossil specimen of mastodon, Mammutidae, at a depth of only 5-6 feet below the surface, and LACM 3250, north of the Hollywood Freeway (Highway 101) just east of Vermont Avenue, that produced a fossil specimen of mammoth, *Mammuthus*, at a depth of about eight feet below street level.

Surface grading or shallow excavations in the uppermost layers of soil and Quaternary deposits in the proposed project area are not likely to uncover significant vertebrate fossils. Deeper excavations, however, may well encounter significant remains of fossil vertebrates. Any substantial excavations in the proposed project area, therefore, should be monitored closely to quickly and professionally recover any vertebrate fossils without impeding development. Any fossils recovered during mitigation should be deposited in an accredited and permanent scientific institution for the benefit of current and future generations.

This records search covers only the vertebrate paleontology records of the Natural History Museum of Los Angeles County. It is not intended to be a thorough paleontological survey of the proposed project area covering other institutional records, a literature survey, or any potential on-site survey.

Sincerely,

A handwritten signature in cursive script that reads "Samuel A. McLeod".
