Project Description: (please use a separate page if necessary)

The Project proposes to develop a mixed-use project comprised of 260 multi-family dwelling units and approximately 17,800 square feet of community serving retail and restaurant uses on a 1.4-acre project site within the City of Los Angeles. As part of the Project, the existing two-story, 9,000-square-foot Attie Building located at the corner of Hollywood Boulevard and Wilcox Avenue would be retained and integrated with new development. The proposed structure would range in height from one to 15 stories with a maximum height of 160 feet. Upon completion, the Project would include approximately 278,892 square feet of floor area, inclusive of the 9,000-square-foot Attie Building, with a maximum floor area ratio (FAR) of up to 4.5:1. Approximately 420 parking spaces would be provided on two subterranean and three on- and above-grade levels.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
