Hi,

I have a Draft EIR for the Hollywood Wilcox Project to be uploaded by thursday.
The Case IS ENV-2016-3177-EIR. and the location of the files can be found here: P:\Share\
WebRequest_LargeFiles\Jason M\Hollywood Wilcox\Web Ready

This Project is an Environmental Leadership Development Project (ELDP) and includes additional requirements for making information public and digitally available. Specifically, there is an additional reference library to be uploaded consisting of over 200 files, as well as the Administrative Record which I have been working on with Stephanie. Emails about this Project are also required to be made public and digitally available, and will be required to be uploaded throughout the process.

Attached is a word doc with the landing page information for the Project.

Please let me know if you have any questions.

Thanks.
