Hi Jason,

I won't require a conference number for multiple participants on my end. Should I call your line, [REDACTED], directly?

Cheers,
shannon

Hey Shannon,

We do not have teleconferencing abilities to my knowledge.

So if you could provide a number, if you need have multiple participants that would be great.

Thanks.

Hi Jason,

Sounds good. Is there a number you would prefer I call? Or, should I set up a conference call number for multiple participants?

Cheers,
shannon

It should work, let me confirm Monday when my supervisor is back in.

It should work, I don't foresee any issues.

Thanks.

Shannon,

Can we try to reschedule the discussion for next week? I apologize, another project deadline occupied this week for me.

Thanks.

Hi Jason,

I am working on finalizing the review of the GHG emissions analysis for the Hollywood & Wilcox project pursuant to the Jobs and Economic Improvement Through Environmental Leadership Act (AB 900).

The project applicant has indicated that you are the lead agency contact for the project, and I am hoping you might be available next week for a quick call (~½ hour or less) to discuss the attached offset commitment letter proposed by the project applicant and whether you are comfortable with the language included in the letter.

Please let me know if you are available the following times:

- Monday, January 28
 - 4:00 to 4:30
- Tuesday, January 29
 - 11:00 to 11:30
- Wednesday, January 30
 - 11:00 to noon
- Thursday, January 31
 - 11:00 to 11:30
 - 3:00 to 4:00
