Re: Support for Hollywood and Wilcox Project

Dear Jason McCre,
 I am writing in support of the proposed development at Hollywood and Wilcox.

As a Hollywood business owner, I welcome LeFrak's investment in the community. The project will deliver much-needed housing, breathe new life into a dormant part of Hollywood, and preserve the historic Attie building, all while setting a high standard for environmental sustainability.

Taking underutilized land to deliver substantial benefits in a way that respects local history and plans for an environmentally sound future is a no-brainer. Hollywood and Wilcox is a great project for our community. I ask that you allow for its timely development.

Sincerely,
 Philip Hart

Hi Philip,

I have received your comment, and it will be forwarded to the decision maker.

Thank you.

Re: RE: Support for Hollywood and Wilcox Project

Dear Jason McCre,
 I am writing to share my support for the Hollywood and Wilcox project and ask that you grant the necessary approvals without delay.

The housing crisis in LA seems to be worsening by the day, and the lack of affordable units is deeply troubling. This project proposes 260 new residential units, 26 of which will be set aside for workforce housing. Giving working families an opportunity to live close to work is critical to the strength and stability of our community. In addition, placing new housing near existing transit is exactly the kind of smart growth we should be encouraging.

I support LeFrak's plan to deliver new housing, and commend their commitment to environmental responsibility. This project will be an excellent addition to Hollywood.

Sincerely,
 Jeff Zarrinam
