Will,

I don't see any changes in your name.

Brad

Thanks, Brad. We've made a couple of minor edits and uploaded back to Dropbox. Let me know if you have any questions.

Best,  
Will

Hi Brad,  
CREED LA can go with the regular mail. Inserting the report approvals in the existing appendices per your suggestion is fine. Please still add the text to Checklist Explanations to note that the approval letters dated xxx and xxx are found in the appendix.

On the interested parties list, do you want the package to CREED LA tracked or can it go with the regular mail?

Hi Brad,  
Please see below on remaining NOP items:

- The mailing lists look good. Be sure to mail return receipt to certain agencies per the instructions on the master agency list, using the DCP return address previously provided, and to include the "Interested Parties" in the mailing (see Dropbox).
- We have made a couple of minor edits to the NOP. I have uploaded the current version to Dropbox (I'll add letterhead to the final signed NOP).
- For the Scoping Meeting Location enclosure, please include accents on Spanish text as follows:
  - "Ubicación de la Reunión Pública"
- I've added two comments on the Initial Study project description, one of which is based on internal discussions we've had just this week regarding CEQA Guidelines Appendix F (see Dropbox).
- For Geo and Soils, assuming we receive the LADBS approval tomorrow, please include both approval letters as an IS appendix. I've also

included one new comment in the "Explanation of Checklist Determinations" section to be sure these letters are reflected there as well (see Dropbox).

I do not need to see a revised redline of the Initial Study, but please incorporate the above into a revised final proofcheck Initial Study PDF, and also please provide a revised Scoping Meeting Location enclosure.

Thanks and let me know if you have any questions,  
Will

OK, thanks. The client expects the DBS approval of the fault rupture study tomorrow. That will fit our timeline.

Thanks, Brad. We are doing a last check over the mailing lists (agency, radius, interested parties) as well as the NOP and enclosures. I'll let you know by either the end of the day today or first thing tomorrow.

Thanks, Brad.  
I also saw that you added scoping meeting information to the NOP on Dropbox. Please also provide PDFs of the NOP enclosures (Project Location Map, Conceptual Site Plan, 500-Foot Radius Map). In addition, we would need a Scoping Meeting Location map. On the Scoping Meeting Location map, please include where the surface parking is located.

Best,

Will,

Our publications manager made some slight changes to the agency list. He had some more current info. His edits are in track changes with notes.

Brad,  
As part of the PDF proof, can you please also provide the Appendices? Once we get to the website upload, those would normally be either separate individual PDFs or a consolidated single PDF of all the appendices. My preference would be individual PDF files to make it easier to navigate.

Thanks,  
Will
