Will/Christina,

I have uploaded the NOC, the fault rupture approval letter, revised geo and fault rupture appendices, and the Explanation of Checklist Items proof. These are all saved in the following folder:

PDF Proof for NOP 5-18-2017

Based on our printing/mailing house's turnaround time, everything needs to be approved by you by COB Monday. That would give us a ship date of Thursday and the official NOP release date would be Friday 5/26.

Also, as I mentioned, I will be gone until June 1st after today. Stephanie will be your POC on this project while I am out.

Christina – I know Will is out today, so give me a call if you have any questions.
