Dear Mr. Salas,

After a review of your February 22, 2017 letter, and the chapter from the Handbook of North American Indians, it is unclear to me how the information establishes that there are tribal cultural resources on the project site; or how this project will cause a substantial adverse impact on tribal cultural resources, please explain.

In addition, it is unclear from your letter whether the tribe is requesting formal consultation pursuant to AB 52 on the proposed project. Please email or call me as soon as possible so that we can schedule a consultation if one is so desired.

Pursuant to Public Resources Code Section 21080.3.2 (c)(1), your previously submitted letters have been included in the EIR administrative record, and shared with the environmental consultant for consideration in the preparation of the EIR.

Please do not hesitate to call me if you have any questions.

Sincerely,

William Lamborn
