Hi Laura,

Thank you for drafting the letter. I was able to download it and made some minor changes.
What date do you want to use for the physical mailing?

Thank you, Laura. I was able to download all of the files.

On the site plan, please add a north arrow.

Hi Bradley,

I have uploaded a draft of the NOP for your review. Please also note I deleted the previously draft of the WSA request letter uploaded. I have some minor edits and I'll uploaded again when I'm done.

Thank you

Hi Laura,

I left a voicemail earlier, but will attempt to answer your questions here.

1. Yes, if you could draft the NOP, that would be helpful. Of course, we will then finalize and sign it before sending it back to you for mailing. Please also prepare a project location map and site plan. As you can see in the attached recent example, we'll also include Go To Webinar Instructions for the virtual scoping meeting and some text referencing the virtual scoping meeting. Don't worry about the GTW instructions.

2. Yes, please draft a WSA request letter.

3. Yes, please draft an LAFD letter.

4. Have you submitted a haul route request form yet? We won't be coordinating per se, but DBS will ask us to review the request form after they've received and reviewed it.

5. Yes, I'm aware of the archaeo/paleo condition that's being drafted. Depending on how much progress is made on that, you may see edits/comments in those respective sections of the IS when we return the 2nd SC.

Hi Bradley,

Hope all is well. I'm following up on my voice message:

- Do you need us to assist with drafting the NOP?
- Can we start on the WSA process?
- Can we start the LAFD review process?
- Will you be coordinating Haul Route form?

Also, can you please discuss with Will or Kathleen the archaeo/paleo mitigation issue – we're seeing that the City is now considering a condition of approval to address those topics and not mitigation?

Thank you

Laura Rodriguez
