No, that should be fine. We're still early in the draft EIR process. Thanks for checking.

Bradley,

We are transitioning to a new 2020 Urban Water Management Plan. If it becomes available, we might use it for the project's assessment. However, this might delay our schedule from June 8 to July 13. If it come to it, would July 13 board date impact your EIR schedule? Let me know. Thanks.

Is there anything outstanding that you need from me or the applicant in order to make that June 22 board meeting? If not, then I don't see any issues with having the meeting on that date.
