A new message has arrived in your 26876 mailbox.

"Hey Eric this is Jim Harris with City Planning. I'm just looking over the the memo you sent on the track map number 83088 and I think you said that yesterday actually on Sunday. I had a quick question on your item number is three about the affidavit affidavit PK AG 5332. If you could know just for my own information I didn't know what that affidavit but I didn't find it anywhere. I just more of a curiosity question. I'm just so don't wanna write that into the track map staff report. I can say yes this is this message. Anyway my name is Jim Harris my phone number is 213-978-1241 and I'm doing this my phone rather than email only because this project has some funky discover ability things around it. So phone calls are better than an email once again Jim Harris 213-978-1241 and it is in regards to the track Mac 83088. I'm just the memo that you had sent on that. Thank you very much. I hope you have a terrific day. Bye bye."
