Subject : Re: LADOT Assessment Letter - 6450 Sunset Blvd

Hi Pete,

I just got a call from Tom Gaul about this letter. Apparently there was a proposal in the study to restripe Wilcox as a corrective measure for an adverse condition? If this is the case it should be in the letter with the information about going to B-Permit to have it installed and everything. You could also check with District Office to see if it is feasible. I have asked Tom to send a sketch if there is not one in the study. The other issue was he wanted to see the proposed loading zone in the letter. I told him we couldn't approve it but we could discuss it in the letter and indicate that the applicant should check with meter planning (there are existing parking meters) about installing it.

Hopefully we didn't discuss these issues before and I forgot about it! If we did, let me know. If not please modify the letter.

Thanks,

Wes

Hi Susan,

The Department of Transportation has completed the traffic study review for the proposed development project for the location at 6450 Sunset Boulevard. A copy of the assessment letter is attached.

Please contact our office if you have any questions.

Thank You,
