

INFORMATION (CODE PROCEDURES/ POLICIES):

INFORMATION FOR DEVELOPMENT IN HAZARD, FLOOD HAZARD AND HILLSIDE AREAS (Ordinance No.154, 405)

Case Number Vesting Tentative Tract No. 83088 Date 03/17/2020

Related Case(s) _____

1. Is any part of the development subject to flood hazard? Yes () No (✓)

If yes, identify the location hazard _____

2. Is the development in any special hazard area? Yes () No (✓)

If yes, identify the special hazard _____
(If yes, see note on Page 2)

3. Is the development in hillside area? Yes () No (✓)
(If yes, see note on Page 2)

4. Is the development in a floodway? Yes () No (✓)
(If yes, see note on Page 2)

5. The potential for damage to the development from rupture, breakage or failure of a dam, reservoir, aqueduct or other such facility due to earthquake or other cause has been considered. Yes () No (✓)

State or identify the facility. _____

6. Is the development in a mud-prone area? Yes () No (✓)

If yes, what measures will be used to control mud flows during and after development?

Is a Mudflow analysis included in the Geology and Soil's Engineering Report? Yes () No (✓)

7. Will this development have any adverse effect on existing developments? Yes () No (✓)
If yes, what effect?

8. Is this development affected by a base flood? Yes () No (✓)

9. The water surface for a base flood is:

(✓) below top of curb

() below property line elevation

_____ feet above top of curb (property line) located at:

10. Applicant's Engineer Statement:

a. (✓) This development will be reasonably safe and will not seriously endanger life, health or existing property;

or

b. () The following measures are proposed to mitigate risk to life, health or existing property.

11. Applicant's Engineer Certification:

I have reviewed FEMA's Flood Insurance Rate Maps (FIRM) panel No. 06037C1605F with the effective date of Sept. 26, 2008, and the project is located outside the 100-yr. flood plain

~~I have prepared a flood hazard study~~ for this development and certify that, to the best of my knowledge, this project conforms to the specific provisions and intent of Ordinance No. 154,405.

Print Name BRIAN POWERS
(Applicant's Engineer)
