	(5)	Correction of Code Enforcement Conditions.

(c) Where the Project consists of the Demolition of a detached garage, porte cochere, carport, storage building, tool or garden shed, or animal-keeping use structure, the Director of Planning shall review a request and determine whether such requests qualify for review under Conforming Work, based on at least one of the following considerations:

(1) It can be demonstrated that the structure was built outside of the Period of Significance for the HPOZ through building permits, or where building permits do not exist, through Sanborn Fire Insurance Maps or historic records or photographs.

(2) The Demolition of the structure will not degrade the status of the lot as a Contributing Element in the Historic Preservation Overlay Zone.

Any request for the Demolition of a detached garage, porte cochere, carport, storage building, tool or garden shed, or animal-keeping use structure that does not meet one or more of the above criteria shall be reviewed pursuant to Certificate of Appropriateness provisions in Section 12.20.3 K.4.

Conforming Work meeting the criteria and thresholds set forth in this subsection shall not require Certificates of Compatibility set forth in Subsection L. However, an applicant not approved under Subsection J may elect to file for a Certificate of Compatibility.

1. Procedure. Pursuant to Subsection G, the Director shall forward applications for Conforming Work on Non-Contributing Elements to the Board for conformance review and sign off. K. Certificate of Appropriateness for Contributing Elements.

1. Purpose. It is the intent of this section to require the issuance of a Certificate of Appropriateness for any Project affecting a Contributing Element, except as set forth in Subdivision 2(b), below. It is the further intent of this section to require a Certificate of Appropriateness for some Projects which may or may not require a building permit, including, but not limited to, changing exterior paint color, removal of significant trees or Landscaping, installation or removal of fencing, window and door replacement which are character-defining features of architectural styles, changes to public spaces and similar Projects. However, an applicant not approved under Subsection I may elect to file for a Certificate of Appropriateness.

2. Requirements.

(a) **Prohibition.** No person shall construct, add to, alter, cause the Demolition, relocation or removal of any building, structure, Landscaping, or Natural Feature designated as contributing in the Historic Resources Survey for a Preservation Zone unless a Certificate of Appropriateness has been approved for that action pursuant to this section, with the exception of Conforming Work on Contributing Elements, which shall not require a Certificate of Appropriateness. In the event that Demolition, removal, or relocation has occurred without a Certificate of Appropriateness for Demolition, removal, or relocation having been approved for such action pursuant to Section 12.20.3 K.5 below, a Certificate of Appropriateness shall be based on the existing conditions of the Historic Resource prior to the Demolition, removal, or relocation. No Certificate of Appropriateness shall be approved unless the plans for the construction, Demolition, Alteration, Addition, relocation, or removal conform with the provisions of this section. Any approval, conditional approval, or denial shall include written findings in support.

(b) **Conforming Work.** Nothing in this section shall be construed as to require a Certificate of Appropriateness for the ordinary Maintenance and Repair of any exterior architectural feature of a property within a Preservation Zone, which does not involve a change in design, material, color, or outward appearance. Work meeting the criteria for Conforming Work on Contributing Elements shall not require a Certificate of Appropriateness.

3. Procedures For Obtaining a Certificate of Appropriateness.

(a) Any plan for the construction, Addition, Alteration, Demolition, Reconstruction, relocation or removal of a building, structure, Landscaping, or Natural Feature, or any combination designated as contributing in the Historic Resources Survey for a Preservation Zone shall be submitted, in conjunction with an application, to the Department of City Planning upon a form provided for that purpose. (b) **Application Fees.** The application fees for a Certificate of Appropriateness shall be as set forth in Section 19.01 F of this Code.

(c) Cultural Heritage Commission and Board

Recommendations. A notice and hearing shall be completed pursuant to Subsection M below. The Cultural Heritage Commission and the Board shall submit their recommendations to the Director as to whether the Certificate should be approved, conditionally approved or disapproved. In the event that the Cultural Heritage Commission or Board does not submit its recommendations within 30 days of the postmarked date of mailing of the application from the City Planning Department, the Cultural Heritage Commission or Board shall be deemed to have forfeited all jurisdiction in the matter and the Certificate may be approved, conditionally approved or disapproved as filed. The applicant and the Director may mutually agree in writing to a longer period of time for the Board to act.

(d) Director and Area Planning Commission

Determination. The Director shall have the authority to approve, conditionally approve or disapprove a Certificate of Appropriateness for construction, Addition, Alteration or Reconstruction. The Area Planning Commission shall have the jurisdiction to approve, conditionally approve or disapprove a Certificate of Appropriateness for Demolition, removal or relocation.

(e) Time to Act. The Director or Area Planning Commission, whichever has jurisdiction, shall render a determination on any Certificate of Appropriateness within 75 days of an application being deemed complete, unless the applicant and the Director mutually consent in writing to a longer period. A copy of the determination shall be mailed to the applicant, the Board, the Cultural Heritage Commission and any other interested parties. No Certificate of Appropriateness shall be issued until the appeal period in Subsection N has expired or until any appeal has been resolved.

(f) Other City Approvals. The requirements for a Certificate of Appropriateness are in addition to other City approvals (building permits, variances, etc.) or other legal requirements, such as Public Resources Code Section 5028, which may be required. The time periods specified above may be extended, if necessary, with the written mutual consent of the applicant and the Director.

(g) Modification of an Approved Certificate of

Appropriateness. Once a Certificate of Appropriateness becomes effective, any subsequent proposed modification to the project shall require review by the Director, who shall grant approval of the modification if he or she finds the modification to be substantially in conformance with the original approved project. If the Director finds that the proposed modification does not substantially conform with the original approved

project, then the applicant shall resubmit the project for a new Certificate of Appropriateness.

(1) Modification Procedure. To modify an approved Certificate of Appropriateness, an applicant shall submit to the Department of City Planning plans, elevations, or details of the proposed modification and any additional information determined necessary for conformance review. The Director may forward proposed modifications to the Board and/or the Cultural Heritage Commission's Designee for consultation.

4. Standards for Issuance of Certificate of Appropriateness for Construction, Addition, Alteration, or Reconstruction. The Director shall base a determination whether to approve, conditionally approve or disapprove a Certificate of Appropriateness for construction, Addition, Alteration or Reconstruction on each of the following:

(a) If no Preservation Plan exists, whether the Project complies with Standards for Rehabilitation approved by the United States Secretary of the Interior considering the following factors:

- (1)** architectural design;
- (2)** height, bulk, and massing of buildings and structures;
- (3)** lot coverage and orientation of buildings;
- (4)** color and texture of surface materials;
- (5)** grading and site development;
- (6)** landscaping;
- (7)** changes to Natural Features;
- (8)** antennas, satellite dishes and solar collectors;
- (9)** off-street parking;
- (10)** light fixtures and street furniture;
- (11)** steps, walls, fencing, doors, windows, screens and security grills;
- (12)** yards and setbacks; or
- (13)** signs; and

(b) Whether the Project protects and preserves the Historic and architectural qualities and the physical characteristics which make the building, structure, landscape, or Natural Feature a Contributing Element of the Preservation Zone; or

(c) If a Preservation Plan exists, whether the Project complies with the Preservation Plan approved by the City Planning Commission for the Preservation Zone.

5. Standards for Issuance of Certificate of Appropriateness for Demolition, Removal or Relocation. Any person proposing Demolition, removal or relocation of any contributing building, structure, Landscaping, or Natural Feature within a Preservation Zone not qualifying as Conforming Work on Contributing Elements shall apply for a Certificate of Appropriateness and the appropriate environmental review.

No Certificate of Appropriateness shall be issued for Demolition, removal or relocation of any building, structure, Landscaping, Natural Feature or lot within a Preservation Zone that is designated as a Contributing Element, and the application shall be denied unless the Owner can demonstrate to the Area Planning Commission that the Owner would be deprived of all economically viable use of the property. In making its determination, the Area Planning Commission shall consider any evidence presented concerning the following:

(a) An opinion regarding the structural soundness of the structure and its suitability for continued use, renovation, Restoration or Rehabilitation from a licensed engineer or architect who meets the Secretary of the Interior's Professional Qualification Standards as established by the Code of Federal Regulation, 36 CFR Part 61. This opinion shall be based on the Secretary of the Interior's Standards for Architectural and Engineering Documentation with Guidelines;

(b) An estimate of the cost of the proposed Alteration, construction, Demolition, or removal and an estimate of any additional cost that would be incurred to comply with the recommendation of the Board for changes necessary for it to be approved;

(c) An estimate of the market value of the property in its current condition; after completion of the proposed Alteration, construction, Demolition, or removal; after any expenditure necessary to comply with the recommendation of the Board for changes necessary for the Area Planning Commission to approve a Certificate of Appropriateness; and, in the case of a proposed Demolition, after renovation of the existing structure for continued use;

(d) In the case of a proposed Demolition, an estimate from architects, developers, real estate consultants, appraisers, or other real estate professionals experienced in Rehabilitation as to the economic feasibility of Restoration, renovation or Rehabilitation of any existing structure or objects. This shall include tax incentives and any special funding sources, or government incentives which may be available.

In a case where Demolition, removal, or relocation of any Contributing Element, without a Certificate of Appropriateness for Demolition, Removal, or Relocation has occurred, Section 12.20.3 K.5 shall not apply. Procedures in Sections 12.20.3 K.1-4 and/or Section 12.20.3 Q shall apply.

L. Certificate of Compatibility for Non-Contributing Elements.

1. **Purpose.** The intent of this section is to ensure compatibility of Non-Contributing Elements with the character of the Preservation Zone and to ensure that any construction or Demolition work is undertaken in a manner that does not impair the essential form and integrity of the Historic character of its environment.

(a) A request for a Certificate of Compatibility shall be reviewed for conformity with the Preservation Plan for the Preservation Zone and shall consist of at least one of the following project types:

(1) Where the Project on a Non-Contributing Element does not qualify as Conforming Work;

(2) Where construction or Demolition of a structure is done in a Street Visible Area on a lot designated as a Non-Contributing Element;

(3) Where structures not dating from the Preservation Zone's period of significance are replaced or relocated onto a lot designated as a Non-Contributing Element.

(b) Other types of work solely involving Non-Contributing Elements, including the relocation of buildings or structures dating from the Preservation Zone's period of significance onto a lot designated as a Non-Contributing Element, are eligible for review under Conforming Work on Non-Contributors as set forth in Subsection J. The Director shall review a request, pursuant to Subsection G and find whether the application is eligible for Conforming Work on Non-Contributors as outlined in Subsection J or requires a Certificate of Compatibility. An applicant not approved under Subsection J may elect to file for a Certificate of Compatibility.

2. Prohibition. No person shall construct, add to, alter, cause the Demolition, relocation or removal of any building, structure, Landscaping, or Natural Feature designated as a Non-Contributing Element or not listed in the Historic Resources Survey for a Preservation Zone unless a Certificate of Compatibility has been approved for that action pursuant to this section. Additions and Alterations may be exempt from this section provided they meet the criteria in Subsection J. No Certificate of Compatibility shall be approved unless the plans for the construction, Demolition, Alteration, Addition, relocation, or removal conform with the provisions of this section. Any approval, conditional approval, or denial shall include written justification pursuant to Section 12.20.3 L.4.

3. Procedures For Obtaining A Certificate of Compatibility.

(a) Plans shall be submitted, in conjunction with an application, to the Department of City Planning upon a form provided for that purpose. Upon an application being deemed complete by the Director, one copy of the application and relevant documents shall be mailed by the Department of City Planning to each Boardmember of the Preservation Zone for evaluation.

(b) Application Fees. The application fees for a Certificate of Compatibility shall be as set forth in Section 19.01 F of this Code.

(c) Cultural Heritage Commission and Board Recommendations. A notice and hearing shall be completed pursuant to Subsection M, below. The Director shall render a determination on a Certificate of Compatibility within 75 days of an application being deemed complete, unless the applicant and the Director mutually consent in writing to a longer period. A copy of the determination shall be mailed to the applicant, the Board, and any other interested parties. No permits shall be issued for the subject Certificate of Compatibility until the appeal period,

as set forth in Subsection N, has expired or until any appeal has been resolved.

(f) Other City Approvals. The requirements for a Certificate of Compatibility are in addition to other City approvals (building permits, variances, etc.) and other legal requirements, such as Public Resources Code Section 5028, which may be required. The time periods specified above may be extended, if necessary, with the written mutual consent of the applicant and the Director.

(g) Modification of an Approved Certificate of Compatibility. Once a Certificate of Compatibility becomes effective, any subsequent proposed modification to the project shall require review by the Director, who shall grant approval of the modification if he or she finds the modification to be substantially in conformance with the original approved project. If the Director finds that the proposed modification does not substantially conform with the original approved project, then the applicant shall resubmit the project for a new Certificate of Compatibility.

(1) Modification Procedure. To modify an approved Certificate of Compatibility, an applicant shall submit to the Department of City Planning plans, elevations, or details of the proposed modification and any additional information determined necessary for conformance review. The Director may forward proposed modifications to the Board and/or the Cultural Heritage Commission's Designee for consultation.

4. Standards for Issuance of Certificate of Compatibility for New Building Construction or Replacement, and the Relocation of Buildings or Structures Not Dating from the Preservation Zone's Period of Significance Onto a Lot Designated as a Non-Contributing Element. The Director shall base a determination whether to approve, conditionally approve or disapprove a Certificate of Compatibility on each of the following:

(a) If no Preservation Plan exists, whether the following aspects of the Project do not impair the essential form and integrity of the Historic character of its surrounding built environment, considering the following factors;

- (1)** architectural design;
- (2)** height, bulk, and massing of buildings and structures;
- (3)** lot coverage and orientation of buildings;
- (4)** color and texture of surface materials;

(b) Whether the Project complies with the Preservation Plan approved by the City Planning Commission for the Preservation Zone.

5. Certificates of Compatibility for the Demolition of Non-Contributing Elements. After notice and hearing pursuant to Subsection M below, the Board shall submit its comments on a request for Demolition of a Non-Contributing Element, considering the impact(s) of the Demolition of the Non-Contributing Element to the essential form and integrity of the Historic character of its surrounding built environment within 30 days of the postmarked date of mailing of the application from the City Planning Department. In the event the Board does not submit its comment within 30 days, the Board shall forfeit all jurisdiction. The applicant and the Director may mutually agree in writing to a longer period of time for the Board to comment.

(a) In a case where Demolition of any Non-Contributing Element, without a Certificate of Compatibility for the Demolition of Non-Contributing Elements or permit has occurred, Section 12.20.3 L.5 shall not apply. Procedures in Sections 12.20.3 L.1-4 and/or Section 12.20.3 Q shall apply.

M. Notice and Public Hearing. Before making its recommendation to approve, conditionally approve or disapprove an application pursuant to this section for a Certificate of Appropriateness or Certificate of Compatibility, the Board shall hold a public hearing on the matter. No Certificate of Appropriateness or Certificate of Compatibility, shall be deemed approved or issued until the time period for appeal has expired.

(1) An initial decision of the Director is appealable to the Area Planning Commission

(2) An initial decision by the Area Planning Commission is appealable to the City Council.

An appeal may be filed by the applicant or any aggrieved party. An appeal may also be filed by the Mayor or a member of the City Council. Unless a Board member is an applicant, he or she may not appeal any initial decision of the Director or Area Planning Commission as it pertains to this section. An appeal shall be filed at the public counter of the Planning Department within 15 days of the date of the decision to approve, conditionally approve, or disapprove the application for Certificate of Appropriateness or Certificate of Compatibility. The appeal shall set forth specifically how the petitioner believes the findings and decision are in error. The failure of the appellate body to act upon an appeal within 75 days after the expiration of the appeal period or within an additional period as may be agreed upon by the applicant and the appellate body shall be deemed a denial of the appeal and the original action on the matter shall become final.

O. Authority of Cultural Heritage Commission not Affected. Notwithstanding any provisions of this section, nothing here shall be construed as superseding or overriding the Cultural Heritage Commission's authority as provided in Los Angeles Administrative Code Section 22.171, et seq.

P. Publicly Owned Property. The provisions of this section shall apply to any building, structure, Landscaping, Natural Feature or lot within a Preservation Zone which is owned or leased by a public entity to the extent permitted by law.
