Subject: Equity Residential - Fire Services

Hello,

Please refer to the attached: Request for Fire Service Information FAQ's handout as a guide to access requested information.

Fire flow for requirement for Equity Residential is 6,000 - 9,000 GPM. Contact Aida Fitton at DWP [\(213\)367-1204](tel:2133671204) for Fire Flow Availability Report for 6,000 - 9,000 GPM.

--

Please see the attached items

Thank you,

Hilda Reyes

Request For Fire Services Information: FAQ's

- Q. Fire Stations that would serve the Project including the address and distance to the Project Site, as well as an identification of the first-in and backup stations.
- A. Information can be attained at www.lafd.org (Fire Stations)
- Q. A map of the service area and associated population for each of the fire stations that serve the Project Site.
- A. Information can be attained at www.lafd.org (Fire Stations)
- Q. Existing staffing levels (e.g., Captains, Firefighters, Paramedics, EMT's, HazMat-trained personnel) for each fire station serving the Project Site.
- A. Information can be attained at www.lafd.org (Contact Area Fire Station)
- Q. Equipment for each fire station serving the Project Site, including number of engines, trucks, rescue ambulances.
- A. Information can be attained at www.lafd.org (Contact Area Fire Station)
- Q. A description of any plans by LAFD to construct new or expand existing fire stations that would serve the Project. Incident data, by type of incident, on a monthly and annual basis for each fire station that would serve the project, and provide monthly data for the last two years and annual data for the last five years;
- A. None Scheduled at this time.
- Q. Indication of whether the response times and distances for each fire station serving the Project Site meet the performance standards of the LAFD.
- A. Information can be attained at www.lafd.org (FIRESTATLA)
- Q. The fire flow, hydrant, and residual water pressure requirements for the Project.
- A. An Inspector will be assigned to forward requirements/recommendations.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Facilities Services Division

DATE: May 5, 2017

TO: Andrea Shultz, Head of Operations
CAJA Environmental Services, LLC
15350 Sherman Way, Suite 315
Van Nuys, CA 91406

FROM: Rena Perez, Director
Master Planning & Demographics

SUBJECT: Environmental Impact Report Information Requested for: ***EQUITY RESIDENTIAL MIXED-USE PROJECT***, *The project site comprises six parcels and is bound by Hill Street to the west, a restaurant/bar building to the north, commercial/retail building to the east and 4th Street and Metro Station to the south. 332 South Hill Street, Los Angeles, CA 90013. The project includes development of the site with 428 multi-family residential units.*

Included please find a ***LAUSD Schools Enrollments and Capacities Report*** for the schools that may be impacted by the development project(s) in question. This report contains data on each school's current and projected capacities, enrollments, and school calendars, and is designed to address any questions pertaining to overcrowding and factors related to school capacity.

Please note that the data in this report already take into account portable classrooms on site, additions being built onto existing schools, student permits and transfers, specific educational programs running at the schools, and any other operational activities or educational programming that affects the capacities and enrollments of LAUSD's schools.

Additional information on LAUSD's Capital Improvement programs can be found on LAUSD's Facilities Services Division main webpage at www.laschools.org.

MASTER PLANNING AND DEMOGRAPHICS RESPONSE TO SPECIFIC QUESTIONS

- Question: 1** The project is located in a **High School** attendance choice/option area. Please see LAUSD Schools Enrollments and Capacities Report details;
- Question: 2** Please refer to the Enrollments and Capacities Report for identification of any new schools planned to relieve known overcrowding.
- Question: 3** Please contact the LAUSD Developer Fee Program Office (DFPO) at (213) 241-0715 for more information regarding fees and student generation rates.

ATTACHMENTS

^a Schools & programs that are part of a "school choice area" pull enrollments from the school(s) that have resident areas, as defined by attendance boundaries.

The individual school and calculated total capacities and enrollments for school choice areas are reported to show current and projected seating overage/shortage and overcrowding (shaded green color).

If any of the school choice area schools is multi-track, then the service area is considered overcrowded.

Schools Planned to Relieve Known Overcrowding

NONE

13	
N/A	

DISCLAIMER: CURRENT AND PROJECTED DATA ARE UPDATED ANNUALLY AND WILL BECOME AVAILABLE AFTER MAY 1st OF EACH CALENDAR YEAR.

NOTES:

¹ School's ID code.

² School's name

³ The current calendar the school is operating on. Schools operate on a 'multi-track' calendar (listed as 4 TRK), because of overcrowded conditions.

⁴ School's current operating capacity, or the maximum number of students the school can serve while operating on its current calendar. Excludes capacity allocated to charter co-locations. Includes capacity for magnet program.

⁵ The total number of students living in the school's attendance area and who are eligible to attend the school. Includes magnet students.

-Multi-track calendars are utilized as one method of providing relief to overcrowded schools by increasing enrollment capacities.

-A key goal of the Superintendent and Board of Education is to return all schools to a traditional 2-semester calendar (1 TRK).

⁶ The number of students actually attending the school now, including magnet students.

⁷ Current seating overage or (**shortage**): equal to (current capacity) - (resident enrollment).

⁸ Current overcrowding status of school or service area. The school or area is currently overcrowded if any of these conditions exist:

-A school is currently on a multi-track calendar.

-There is currently a seating shortage.

-There is currently a seating overage of LESS THAN or EQUAL TO a 'safety margin' of 30 seats.

⁹ School planning capacity. Formulated from a baseline calculation of the number of eligible classrooms after implementing LAUSD operational goals and shifting to a 2-semester (1 TRK) calendar. Includes capacity allocated to by charter co-locations. Includes capacity for magnet programs.

¹⁰ Projected 5-year total number of students living in the school's attendance area and who are eligible to attend the school. Includes magnet students.

¹¹ Projected seating overage or (**shortage**): equal to (projected capacity) - (projected enrollment).

¹² Projected overcrowding status of school. The school will be considered overcrowded in the future if any of these conditions exist:

-A school remains on a multi-track calendar.

-There is a seating shortage in the future.

-There is a seating overage of LESS THAN or EQUAL TO a 'safety margin' of 30 seats in the future.

The anticipated capacity of new schools planned for the area. While these new seats will help offset projected overcrowding at the existing schools listed in this report, there may be other

¹³ overcrowded schools not listed here that are also targeted to be relieved by these new schools. Therefore, it should not be assumed that these planned school capacities will be allocated solely towards offsetting overcrowding at the existing schools listed here.

* Independent Charter: Capacity and/or enrollment information may not be reported for some independent charters.

‡ Magnet Schools with Resident Kindergarten Enrollment: Resident enrollment is reported for Kindergarten only. Actual enrollment is reported for all grades in school. Projected capacities and enrollments not reported.

SUBJECT: NEW SERVICE BOUNDARY DESCRIPTION FOR NINTH STREET SCHOOL
EFFECTIVE JULY 1, 2013.

The area described below has been approved as the attendance area served by the above-mentioned school. The description starts at the most northwesterly corner and follows the streets in clockwise order. Boundaries are on the center of the street unless otherwise noted.

This boundary supersedes boundary effective July 1, 1984 (updated 7-1-1994, 7-1-2009).

This is an official copy for your file.

(GRADES K - 5)

SUBJECT: UPDATE BOUNDARY DESCRIPTION FOR JOHN LIECHTY MIDDLE SCHOOL
EFFECTIVE JULY 1, 2009 (UPDATED 7-1-2010).

Reconfiguration has changed the grade levels serviced by this school and the boundary description has been updated to reflect this change. This updating does not change the intent of the boundary as it was approved on July 1, 2009. The description starts at the most northwesterly corner and follows the streets in clockwise order. Boundaries are on the center of the street unless otherwise noted.

This is an official copy for your file.

Re: Equity Residential Mixed-Use Project

The following is our response to your questions:

Richard J. Riordan Central Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Richard J. Riordan Central Library
630 W. 5th Street
Los Angeles, CA 90071

Hours of Operation:

Monday-Thursday	10 am – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	1 pm – 5 pm

B. Size (Square Feet):

538,000 sq. ft. facility.

C. Number of Volumes and Circulation:

2.6 million volumes; Circulation – 1.2 million

D. Staffing Levels:

390.0 Full-time Employees

E. Current Service Population and Future Service Population:

3,792,662 per Census 2010 est. City of Los Angeles
9,818,605 per Census 2010 est. County of Los Angeles

The Los Angeles Public Library (LAPL) does not make future population projections.

F. Whether There Are Planned Improvements to Add Capacity Through Expansion.

There are no planned improvements to add capacity through expansion.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

The Central draws patrons not only from the City of Los Angeles, but also from the County of Los Angeles as well as from all of the United States and many foreign countries. Any increase in the residential/business population that is in close proximity to this Central Library has a direct impact on library services with increased demands for library materials, computers and information services.

Equity Residential Mixed-Use Project

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that the mitigation fees be paid by the developer.

3. Are there plans to build any new libraries that would serve the project area?

There are no plans for the development of any other new libraries to serve this project area.

- **Special facilities available for public use:**

- Free Public Wi-Fi
- Wireless Printing
- Reserve a Computer
- Meeting Room Rental

Chinatown Branch Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Chinatown Branch Library
639 N. Hill St.
Los Angeles, CA. 90012

Hours of Operation:

Monday, Wednesday	10 am – 8 pm
Tuesday, Thursday	12 pm – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	Closed

B. Size (Square Feet):

14,500 sq. ft. facility.

C. Number of Volumes and Circulation:

74,709 Volumes/Circulation – 238,872

D. Staffing Levels:

13.5 Full-time Employees

E. Current Service Population and Future Service Population:

11,225 per the Los Angeles Times Mapping LA.

The Los Angeles Public Library (LAPL) does not make future population.

F. Whether There Are Planned Improvements to Add Capacity Through Expansion.

There are no planned improvements to add capacity through expansion.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes Criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for a community with less than 45,000 population and 14,500 s.f. for a community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Equity Residential Mixed-Use Project

As it currently stands, the Chinatown branch, at 14,500 square feet, does meet the standard of 12,500 square feet for a service population of less than 45,000. However, any increase in the residential/business population that is in close proximity to this branch has a direct impact on library services with increased demands for library staffing, materials, computers and information services. It should be noted that the Chinatown branch, with an extraordinary circulation of 238,872, is due to nearby school locations which greatly increase its use beyond the 11,225 population of the community that it serves.

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that the mitigation fees be paid by the developer.

3. Are there plans to build any new libraries that would serve the project area?

There are no plans for the development of any other new libraries to serve this project area.

- **Special facilities available for public use:**

- Free Public Wi-Fi
- Wireless Printing
- Reserve a Computer
- Meeting Room Rental

Echo Park Branch Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Echo Park Branch Library
1410 West Temple Street
Los Angeles, CA 90026

Hours of Operation:

Monday, Wednesday	10 am – 8 pm
Tuesday, Thursday	12 pm – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	Closed

B. Size (Square Feet):

17,543 sq. ft. facility.

C. Number of Volumes and Circulation:

43,908 Volumes/Circulation – 111,188

D. Staffing Levels:

9.5 Full-time Employees

E. Current Service Population and Future Service Population:

52,842 per the Los Angeles Times Mapping LA.

The Los Angeles Public Library (LAPL) does not make future population.

F. Whether There Are Planned Improvements to Add Capacity Through Expansion.

There are no planned improvements to add capacity through expansion.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes Criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for a community with less than 45,000 population and 14,500 s.f. for a community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Equity Residential Mixed-Use Project

As it currently stands, the Echo Park branch, at 17,543 square feet, does meet the standard of 14,500 square feet for a service population in excess of 45,000. However, any increase in the residential/business/commercial population that is in close proximity to this branch has a direct impact on library services with increased demands for library staffing, materials, computers and information services. Therefore, mitigation measures may be necessary in order to lessen the impact to these services to a level that is appropriate for a given service population in accordance to the February 8, 2007 Board of Library Commissioners approved Branch Facilities Plan.

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that the mitigation fees be paid by the developer.

3. Are there plans to build any new libraries that would serve the project area?

There are no plans for the development of any other new libraries to serve this project area.

- **Special facilities available for public use:**

- Free Public Wi-Fi
- Wireless Printing
- Reserve a Computer
- Meeting Room Rental

Edendale Branch Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Edendale Branch Library
2011 W. Sunset Blvd
Los Angeles, CA 90026

Hours of Operation:

Monday, Wednesday	10 am – 8 pm
Tuesday, Thursday	12 pm – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	Closed

B. Size (Square Feet):

12,500 sq. ft. facility.

C. Number of Volumes and Circulation:

45,466 Volumes/Circulation – 154,974

D. Staffing Levels:

9.0 Full-time Employees

E. Current Service Population and Future Service Population:

23,254 per the Los Angeles Times Mapping LA.

The Los Angeles Public Library (LAPL) does not make future population.

F. Whether There Are Planned Improvements to Add Capacity Through Expansion.

There are no planned improvements to add capacity through expansion.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes Criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for a community with less than 45,000 population and 14,500 s.f. for a community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Equity Residential Mixed-Use Project

Currently, the Edendale branch at 12,500 square feet does meet the standard of 12,500 square feet for a service population of less than 45,000, however, any increase in the residential/business/commercial population that is in close proximity to this branch has a direct impact on library services with increased demands for library staffing, materials, computers and information services. Therefore, mitigation measures may be necessary in order to lessen the impact to these services to a level that is appropriate for a given service population in accordance to the February 8, 2007 Board of Library Commissioners approved Branch Facilities Plan.

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that the mitigation fees be paid by the developer.

3. Are there plans to build any new libraries that would serve the project area?

There are no plans for the development of any other new libraries to serve this project area.

Felipe de Neve Branch Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Felipe de Neve Branch Library
2820 W. 6th Street
Los Angeles, CA 90057

Hours of Operation:

Monday, Wednesday	10 am – 8 pm
Tuesday, Thursday	12 pm – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	Closed

B. Size (Square Feet):

9,273 sq. ft. facility.

C. Number of Volumes and Circulation:

34,538 Volumes/Circulation – 119,340

D. Staffing Levels:

9.0 Full-time Employees

E. Current Service Population and Future Service Population:

110,861 per the Los Angeles Times Mapping LA.

The Los Angeles Public Library (LAPL) does not make future population.

F. Whether There Are Planned Improvements to Add Capacity Through Expansion.

There are no planned improvements to add capacity through expansion.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes Criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for a community with less than 45,000 population and 14,500 s.f. for a community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Equity Residential Mixed-Use Project

As it currently stands, the Felipe de Neve branch, at 9,273 square feet, does not meet the standard of 14,500 square feet for a service population in excess of 45,000, nor does it meet the standard of adding another branch library when the community population reaches 90,000 since there are no plans to add one. Any increase in the residential/business/commercial population that is in close proximity to this branch has a direct impact on library services with increased demands for library staffing, materials, computers and information services. Therefore, mitigation measures are necessary in order to lessen the impact to these services to a level that is appropriate for a given service population in accordance to the February 8, 2007 Board of Library Commissioners approved Branch Facilities Plan.

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that the mitigation fees be paid by the developer.

3. Are there plans to build any new libraries that would serve the project area?

There are no plans for the development of any other new libraries to serve this project area.

Little Tokyo Branch Library

1. Which libraries would serve the proposed project? Please provide:

A. Name and Address:

Little Tokyo Branch Library
203 S. Los Angeles St.
Los Angeles, CA. 90012

Hours of Operation:

Monday, Wednesday	10 am – 8 pm
Tuesday, Thursday	12 pm – 8 pm
Friday, Saturday	9:30 am – 5:30 pm
Sunday	Closed

B. Size (Square Feet):

12,500 sq. ft. facility.

C. Number of Volumes and Circulation:

66,634 Volumes/Circulation – 143,317

D. Staffing Levels:

10.0 Full-time Employees

E. Current Service Population and Future Service Population:

45,796 per the Los Angeles Times Mapping LA.

The Los Angeles Public Library (LAPL) does not make future population.

F. Whether there are planned improvements to add capacity through expansion.

There are no planned improvements to add capacity through expansion for this branch library.

2. What are the current desired standards of service (i.e. facility size, number of volumes, etc.) for the service population?

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes Criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for community with less than 45,000 population and 14,500 s.f. for community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Equity Residential Mixed-Use Project

As it currently stands, the Little Tokyo branch, at 12,500 square feet, does not meet the standard of 14,500 square feet for a service population in excess of 45,000, however, any increase in the residential/business/commercial population that is in close proximity to this branch has a direct impact on library services with increased demands for library staffing, materials, computers and information services.
