1 One Hundred Affordable Housing Projects shall be processed pursuant to LAMC Section 12.22 A.39.

- (ii) Incentives allowed per Table 12.22 A.37(f)(1)(i) and requested pursuant to the applicable procedure in Paragraph (d) of this Subdivision shall be granted unless it is found, based upon substantial evidence, that:
- a. The Incentive does not result in identifiable and actual cost reductions, consistent with California Government Code Section 65915(k), to provide for affordable housing costs as defined in California Health and Safety Code Section 50052.5, or for rents for the targeted units to be set as specified in California Government Code Section 65915(c); or
  - b. The Incentive will have a Specific Adverse Impact upon public health and safety or the physical environment or on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the Specific Adverse Impact without rendering the development unaffordable to low-income and moderate-income households. Inconsistency with the zoning ordinance or general plan land use designation shall not constitute a Specific Adverse Impact upon the public health or safety; or
  - c. The Incentive would be contrary to state or federal law.
- (iii) To be eligible for the Menu of Incentives described in LAMC Section 12.22 A.37(f)(2) a Housing Development shall comply with the following:
- a. The Housing Development shall not be located in a Very High Fire Hazard Severity Zone, a Sea Level Rise Area, or the Coastal Zone. ~~as established in Section 57.4008 of this Code; and~~

A "No Further Action" letter, or some other comparable documentation issued by the appropriate regulatory agency shall be required in order to utilize the Menu of Incentives.~~

(iv) Commercial Off-Site. Pursuant to California Government Code Section 65915.7, a commercial development may request one Incentive set forth in California Government Code Section 65915.7 (b) if the commercial developer directly contributes affordable housing, or enters into a contract for partnered housing described in 65915.7(c) with a housing developer to construct affordable housing. If a commercial developer partners with a housing developer, an agreement, subject to approval by the Department of City Planning, shall identify exactly how the commercial developer will contribute affordable housing. Housing constructed pursuant to this Subparagraph shall be constructed on the site of the commercial development or on a site that meets all of the following requirements:

Housing Developments on commercially zoned sites adjacent to properties zoned RD or more restrictive may provide a rear yard of not less than five feet.	<b>Front Yards.</b> Front yard reductions are limited to no more than the average of the front yards, regardless of a required Building Line, of adjoining buildings along the same street frontage. Or, if located on a corner lot or adjacent to a vacant lot, the front yard setback may align with the façade of the adjoining building along the same front lot line. If there are no adjoining buildings, no reduction is permitted.
		<b>Side and Rear Yards.</b> Up to 30% decrease in the required width or depth of any individual yard or setback.

- (ii) **Floor Area Ratio.** Housing Developments ~~eligible for the Base Incentives contained in this Subdivision~~ may request an increase in the otherwise allowed Floor Area Ratio (FAR) ~~as follows equal to the percentage of Density Bonus for which the Housing Development is eligible, not to exceed 35% or a maximum FAR of 3.0:1, whichever is greater, if located within a one-half mile radius (2,640 feet) of a Major Transit Stop.~~ In a mixed-use development, the FAR bonus will apply only to the residential portion of the development and the nonresidential portion shall be limited to the FAR associated with a site’s underlying zoning prior to the application of any Incentive. ~~Vehicle parking created above grade will be counted as floor area and included in the calculation of Floor Area Ratio for Housing Developments using this incentive.~~

The height increase may be applied to the maximum allowable height in feet or stories permitted by the zone, including for mixed-use Housing Developments.

- a. Notwithstanding Section 12.21.1, for Housing Developments where a rooftop deck is provided, roof structures for the housing of elevators and stairways may exceed the building height limit by up to seventeen feet in height on sites where the applicable Height District limits height to thirty feet or forty-five feet **provided the proposed roof structure(s) is set back from the roof perimeter by five feet.**

	Setback/Step Back Distance*
Side or Rear Setback	10-feet

Passageways provided may extend from any public street adjacent to the Housing Developments site.
- (vi) **Lot Coverage.** ~~Housing Developments may request Up to a~~ 20% increase in lot coverage limits, provided that the landscaping for the Housing Development meets a minimum of 30 points under the Landscape and Site Design Ordinance, ~~equivalent to 10% more than otherwise required by~~ Section 12.40 of this Code, and the Landscape and Site Design Point System.
- (vii) **Lot Width.** ~~Housing Developments may request Up to a~~ 25% decrease from a lot width requirement, provided that the landscaping for the Housing Development meets a minimum of 30 points under the Landscape and Site Design Ordinance, ~~equivalent to 10% more than otherwise required by~~ Section 12.40 of this Code, and the Landscape and Site Design Point System.
- (viii) **Open Space.** In lieu of the open space calculations set forth in LAMC Section 12.21 G.2, Housing Developments requesting this incentive may calculate their usable open space requirement as 15% of the total lot area or 10% of the total floor area confined within the perimeter walls of the provided Residential Units, whichever is greater, provided that the overall design of the Housing Development meets a minimum of 30 points under the Landscape and Site Design Ordinance, ~~equivalent to 10% more than otherwise required by~~ Section 12.40 of this Code, and the Landscape and Site Design Point System. Common Open Space shall constitute at least 50% of the usable open space calculated under this incentive and shall be provided as outdoor space and comply with applicable provisions of Section 12.21 G.2(a)(1-4). (d) **Procedures.** A Project that meets the provisions of this Subdivision shall be reviewed pursuant to the Procedures, as set forth below. ~~Though an A~~approval of a Density Bonus or Incentive pursuant to this Subdivision shall not, in and of itself, trigger a General Plan Amendment, ~~z~~Zone Change, Project Review, ~~or other discretionary review actions required by this Zoning Code.~~, the applicable procedures set forth in LAMC Section 13A.2.10 (Multiple Approvals) of Chapter 1A of this Code shall apply for Projects seeking other discretionary approvals in conjunction with an application requested pursuant to the Procedures in Paragraph (d).

(1) **Los Angeles Department of Building and Safety Review.** Projects seeking Base Incentives described in Paragraphs (e)(#2), (f)(#2) or (g)(#2), and/or Incentives listed on the Menu of Incentives in Paragraph (h) shall be considered ministerial and processed by the Department of Building and Safety.

(2) **Expanded Administrative Review.** The following Projects shall be ministerially approved pursuant to Expanded Administrative Review, as set forth by the provisions of LAMC Section 13B.3.2 (Expanded Administrative Review) of Chapter 1A of this Code.   - (ii) Projects that request Incentives not listed on the Menu of Incentives described in LAMC Section 12.22 A.38(h)(2). [Housing Developments that request Incentives not listed on the Menu of Incentives may be subject to a public hearing as described in LAMC Section 13B.3.2.D](#)
    - a. Projects requesting Incentives not listed in Paragraph (h) shall be required to meet a minimum of 35 points under the Landscape and Site Design Ordinance.
    - b. **Exception.** Projects that request an Incentive not on or in excess of the Menu of Incentives for relief from Floor Area Ratio (FAR), Height, Open Space requirements, tree planting requirements, ground story requirements, and/or yards/setback requirements shall seek approval pursuant to the Procedures described in [LAMC 12.22 A.37](#) ~~Section 3 of Paragraph (d).~~
- (3) **Director’s Determination.** The Director of Planning shall review the following Projects pursuant to LAMC Section 13B.2.5 [of Chapter 1A of this Code.](#)

Waivers or ~~modifications~~ reduction of any Development Standards shall be reviewed pursuant to the Findings described in LAMC Section 12.22 A.38(d)(5).

**(5) Findings for Waivers or ~~Modifications~~ Reductions of Development**

**Standards.** Waivers requested pursuant to the procedures described in this Paragraph shall be approved by the applicable decision-making authority unless that decision-making authority finds that:

- (ii) The waivers or reductions of ~~De~~velopment ~~S~~standards would have a Specific Adverse Impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or on a California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact without rendering the development unaffordable to low-income and moderate-income households; or
- (iii) The waivers or reductions of ~~De~~velopment ~~S~~standards are contrary to state or federal law.

- (6) Other Discretionary Approvals.** Applicable procedures set forth in LAMC Section 13A.2.10 (Multiple Approvals) of Chapter 1A of this Code apply for Projects seeking other discretionary approvals in conjunction with an application requested pursuant to the Procedures in Paragraph (d). Regardless of any other findings that may be applicable, the decision-maker must approve the requested Base Incentives and Additional Incentives, either on or off the Menu of Incentives described in Paragraph (h), requested under this Subdivision unless the decision-maker, based upon substantial evidence, ~~determines that the Project meets one or more of the criteria described in LAMC Section 12.22 A.38(h)(1). makes either of the findings in subsection (5) of Paragraph (d) of this subdivision.~~

Footnotes:

1 Required automobile parking applies for all Residential Units in an Eligible Project (not just the restricted affordable units), inclusive of disabled and required guest parking, where applicable. All parking spaces provided shall comply with Subdivision 12.21 A.5 of the Code. Except that any combination of standard, compact or tandem spaces may be provided. Tandem parking spaces that do not comply with Subparagraph 12.21 A.5(h)(2) of the Code may be provided in any configuration as long as a parking attendant or an automated parking system is provided at all times.

2 Pursuant to California Civil Code Section 1947.1, provided parking shall be sold or rented separately from the units in properties with 16 or more units, as verified by the Los Angeles Housing Department.

3 The maximum increase in the allowable FAR permitted shall be equal to the table above, provided that any additional floor area provided through this Paragraph section is utilized only by residential uses. Any nonresidential uses shall be limited to the FAR associated with a site's underlying zoning prior to the application of any Incentive. Flexible parking structure designs that would facilitate possible future conversion of parking areas to active uses and create zoning flexibility to allow by-right conversion would not count as floor area and not be included in the calculation of Floor Area Ratio. Vehicle parking areas above ground will be counted as floor area and included in the calculation of Floor Area Ratio for projects using this incentive.

4 For the purpose of applying this incentive, commercial zones include Hybrid Industrial zones, Commercial Manufacturing zones and any defined area in a Specific Plan or overlay district that allows for both commercial uses and residential uses.

54 The increase in height shall be applicable to an Eligible Project over the entire project site parcel regardless of the number of underlying height limits. The height increase may be applied to the maximum allowable height in feet or stories permitted by the zone, including for mixed-use Projects. Housing Developments.

65 Consistent with California Government Code Section 65915(p)(4), required parking spaces provided allowable may be uncovered.

(i) **Exceptions.**

- a. Sites with a Maximum Allowable Residential Density of less than 5 units shall be eligible for the following Density Bonuses:

- b. Sites with a Maximum Allowable Residential Density of less than 5 units, Designated Historic Resource(s), or Non-Contributing Element(s) as defined in LAMC Section 13B.8.1.C of Chapter 1A of this Code shall not be eligible for an incentive to increase allowable FAR or height above one additional story, up to 11 additional feet.
- c. In a Specific Plan or overlay district that has a FAR available through a development bonus or incentive program to provide affordable housing, a Project may utilize the Bonus FAR of the Specific Plan or overlay district in lieu of the FAR maximum described above in Table 12.22 A.38(e)(2)(i).

Tandem parking spaces that do not comply with Subparagraph 12.21 A.5(h)(2) of the Code may be provided in any configuration as long as a parking attendant or an automated parking system is provided **at all times**.

2 Pursuant to California Civil Code Section 1947.1, provided parking shall be sold or rented separately from the units in properties with 16 or more units, as verified by the Los Angeles Housing Department.

3 The maximum increase in the allowable FAR permitted shall be equal to the table above, provided that any additional floor area provided through this [Subdivisionsection](#) is utilized only by residential uses. Any nonresidential uses shall be limited to the FAR associated with a site's underlying zoning prior to the application of any Incentive. ~~Flexible parking structure designs that would facilitate possible future conversion of parking areas to active uses and create zoning flexibility to allow by-right conversion would not count as floor area and not be included in the calculation of Floor Area Ratio. Vehicle parking areas above ground will be counted as floor area and included in the calculation of Floor Area Ratio for projects using this incentive.~~

4 The increase in height shall be applicable to an [Eligible](#) Project over the entire [project site parcel](#) regardless of the number of underlying height limits. The height increase may be applied to the maximum allowable height in feet or stories permitted by the zone, including for mixed-use [Projects Housing Developments](#).

5 Consistent with California Government Code Section 65915(p)(4), required parking spaces provided may be uncovered.

**(ii) Exceptions.**

- a. Sites with Designated Historic Resource(s) or Non-Contributing Element(s) as defined in LAMC Section 13B.8.1.C [of Chapter 1A of this Code](#) shall not be eligible for an incentive to increase allowable FAR or height above one additional story, up to 11 additional feet.
- b. In a Specific Plan or overlay district that has a FAR available through a development bonus or incentive program to provide affordable housing, a Project may choose to utilize the Bonus FAR and affordability requirement of the Specific Plan or overlay district in lieu of the FAR maximum described above in Table 12.22 A.38(e)(2)(i).

**(g) Opportunity Corridor Transition Incentive Area.**

(1) **Eligibility.** Projects may seek Base Incentives according to the eligibility criteria for Opportunity Corridor Transition Incentive Areas, described in Table 12.22 A.38(g)(1)(i), below.

Table 12.22 A.38(g)(1)(i)

(i) **Property Line Measurement.** Distance measured from the Opportunity Corridor Incentive Area shall be measured from the rear property line of the eligible lot located within the Opportunity Corridor Incentive Area. Where a lot parcel is a Reverse Corner Lot in an Opportunity Corridor Incentive Area, distance shall be measured from the property line parallel to the Opportunity Corridor. In the case that Opportunity Corridor sites are abutting contiguous or are consolidated, the buffer measurement will not be adjusted to accommodate the new rear property line of the consolidated site.

(ii) **Exceptions.**

a. Sites with Designated Historic Resource(s), or Non-Contributing Element(s) as defined in LAMC Section 13B.8.1.C of Chapter 1A of this Code shall not be eligible for CT-3 incentives.

If located on a corner lot or adjacent to a vacant lot, the front yard setback may align with the façade of the adjoining building along the same front lot line. If there are no adjoining buildings, no reduction is permitted. If a Project occupies all the lots on an entire street frontage, a reduction to the front yard is permitted so long as it is to the same dimension as a corresponding increase to the rear yard.
		<b>Side and Rear Yards.</b> Up to 30% decrease in the required width or depth of any individual yard or setback.

(ii) **Ground Floor Height.** Projects involving the construction of a new building or additions may receive up to a 20% reduction in any Ground Floor Height restrictions contained in an **eOverlay**, Specific Plan, Q condition or D condition.

(j) **Interpretations Consistent with State Density Bonus Law.** This Subdivision is intended to be interpreted as consistent with State Density Bonus Law contained in California Government Code Sections 65915-65918. If at any time, this Subdivision becomes inconsistent with California Government Code Sections 65915-65918, the provisions of State Density Bonus Law shall apply.

Section 9 8. Subdivision 26 of Subsection U of Section 12.24 of the Los Angeles Municipal Code is amended as follows:

**Density Bonus for a Housing Development in Which the Density Increase Is Greater than the Maximum Permitted in Section ~~12.22 A.25~~ 12.22 A.37. (Amended by Ord. No. 185,373, Eff. 2/26/18.)**

- (a) In addition to the findings set forth in LAMC Section 13B.2.3. (Class 3 Conditional Use Permit) of Chapter 1A of this Code, the City Planning Commission shall find that:
- (1) the project is consistent with and implements the affordable housing provisions of the Housing Element of the General Plan;
  - (2) the project contains the requisite number of Restricted Affordable Units ~~sufficient to qualify for a 88.75% or 100% Density Bonus pursuant to 12.22.A.37~~, based on the number of Residential Units units permitted by the maximum allowable density provided, excluding Residential Units added by a Density Bonus, on the date of application, as follows:
    - (i) ~~a. 25 44%~~ Very Low Income Units for a 88.75 35% density increase; or
    - (ii) ~~b. 24 20%~~ Low Income Units for a 50 35% density increase; or
    - (iii) ~~c. 44 40%~~ Moderate Income Units for a 50 35% density increase in for-sale projects.

The project may then be granted an additional Density Bonus ~~density increases~~ beyond 50 100 35% or 88.75% by providing additional affordable housing units in the following manner:

- ~~a. d.~~ (iv) For every additional 1% set aside of Very Low Income Units, the project is granted an additional 2.5% density increase; or
- ~~b. e.~~ (v) For every additional 1% set aside of Low Income Units, the project is granted an additional 1.5% density increase; or
- ~~c. f.~~ (vi) For every additional 1% set aside of Moderate Income Units in for-sale projects, the project is granted an additional 1% density increase; or

~~d. g.~~ (vii) In calculating the density increase and Restricted Affordable Units, each component of any density calculation, including the calculation of Maximum Allowable Residential Density, base density and bonus density, resulting in fractional units shall be separately rounded up to the next whole number.

(3) the project meets any applicable dwelling unit replacement requirements and demolition protections of California Government Code Section 65915(c)(3) and LAMC Section 16.60 as verified by the Los Angeles Housing Department (LAHD). Replacement housing units required pursuant to these sections may count towards any On-Site Restricted Affordable Unit requirement;

(4) the project meets the requirements for projects including affordable housing in LAMC Section 16.61 B and C.

(5) ~~(4)~~ the project's Restricted Affordable Units are subject to a recorded affordability restriction of 55 years or 99 years longer pursuant to LAMC Section 16.61 A from the issuance of the Certificate of Occupancy, recorded in a covenant acceptable to the Los Angeles Housing Department, and subject to fees as set forth in Section 19.14 of the Los Angeles Municipal Code; and **(Amended by Ord. No. 187,122, Eff. 8/8/21.)**
