## **PROPOSED HOLLYWOOD COMMUNITY PLAN FOOTNOTES**

### **Administrative Notes**

1. Each Plan category permits all indicated corresponding zones as well as those zones referenced in the Los Angeles Municipal Code (LAMC) as permitted by such zones unless further restricted by an adopted Community Plan Implementation Overlay (CPIO), other overlays, Specific Plans, specific conditions, and/or limitations of project approval, Plan footnotes, or other Plan map or text notations.

Zones established in the LAMC subsequent to the adoption of the Plan shall not be deemed as corresponding to any particular Plan category unless the Plan is amended to so indicate.

2. The Public Facility (PF) planning land use designation is premised on the ownership and use of the property by a government agency. The designation of the PF zone as a corresponding zone is based on the same premise. The Plan also intends that when a board or governing body of a government agency officially determines that property zoned PF is surplus, and no other public agency has indicated an intent to acquire, and the City is notified that the agency intends to offer the property for a sale to a private purchaser, then the property may be rezoned to the zone(s) most consistent within 500 feet of the property boundary and still be considered consistent with the adopted Plan.

3. The Open Space (OS) land use designation is premised on the ownership and use of the property by a government agency, nonprofit or conservation land trust for the primary purposes of public recreation use or open space conservation. The designation of the Open Space (OS) zone as a corresponding zone is based on the same premise. The Plan also intends that when a board or governing body of a government agency, nonprofit or conservation land trust officially determines that vacant land under their ownership is to be used as open space, the property may be redesignated and/or rezoned to Open Space.

4. Symbols, local streets and freeways are shown for reference only.

5. The Cultural/Historic sites mapped are representative of publicly accessible sites but there is a comprehensive list of historic resources maintained by the Office of Historic Resources.

### **Plan Footnotes**

1. Notwithstanding any land use designation to the contrary, all projects on properties designated under a Single Family land use designation (Minimum, Very Low II, Low I, or Low II) with average natural slopes in excess of 15 percent shall be limited to the Minimum Residential General Plan land use designation (i.e. Minimum Density housing category of one dwelling unit per 40,000 square feet of lot area) for the purpose of enforcing the slope density formula in 17.05C (Tentative Tract Maps), and 17.50E (Parcel Maps).

2. Low Medium I and Low Medium II are limited to Height District 1XL.

3. High Residential properties may permit mixed-use development through LAMC 12.24 W.15.
4. (Formerly #15, Yamashiro site, APN 5549017016). Development of these properties shall be limited to a maximum floor area ratio of 1:1.
5. (Formerly #16, Magic Castle Site and parking, APN 5549017007 through 5549017009, and APN 5549017010 through 5549017012). Hotels may be permitted on these properties subject to approval pursuant to 12.24 W.24.

Proposed General Plan Framework Map

Legend

-  Proposed Regional Center
-  Proposed Community Center
-  Proposed Neighborhood District
-  Proposed Mixed-Use Boulevard

**In Chapter I of Framework Element on pages I-8 and I-9, make the following amendments:****5. Zoning Approvals and Zoning Consistency**

The community plans and their implementing zoning set forth how property may be used and form the basis for decisions on discretionary permits. The community plans are the primary point of reference for determining compliance with Government Code Section 65860 (d).

Zoning, specific plans and other discretionary approvals and designations are implementing tools of the general plan as reflected in the community plans. These implementing tools include The City Charter and the Los Angeles Municipal Code provide for variances, specific plan exceptions, exceptions, nonconforming rules, and other tools to provide a means for relieving hardships from strict adherence to the zoning regulations or particular general plan policies, or dealing to deal with special situations, such as state or local density bonus programs (e.g. Measure JJJ) which implement general plan policies to provide housing opportunities to people at all income levels.
