Sec. 2. **PURPOSES.** The purposes of this Specific Plan are as follows:

A. To assure that the Pacific Palisades Commercial Village and Neighborhoods continue to function as significant commercial areas in the Pacific Palisades and that any future development is compatible with the surrounding residential community, the character of the existing commercial areas and the capacity of the circulation system as defined in the District Plan;

B. To enhance the aesthetic qualities of development, to protect the low intensity, community-oriented uses and to preserve the individual qualities of the areas;

C. To enhance the pedestrian-orientation of the business centers by reducing the size and location of signs within the Specific Plan Area; by promoting design coordination between a building or structure and its use; by removing temporary signs and clutter; by enhancing windows as display areas for merchandise; and by unifying the characteristics of each of the Specific Plan areas through block signs, promotion banners and symbol signs;

D. To assure that the commercial uses are consistent with the general character of the Pacific Palisades community, which consists of single-family residences, some multiple residential structures and significant open space and park-like development;

E. To provide guidelines and a process for review and approval of exterior and site design, renovations, signs for buildings and structures and other developments;

F. To promote orderly, attractive and harmonious development, minimize environmental effects of development, stabilize land values and investments and promote the general welfare by prohibiting buildings, structures or uses which are inconsistent with the purposes or standards of this Specific Plan or which are inappropriate to their sites, surroundings, traffic circulation impacts or their environmental setting;

G. To adequately buffer all new development from nearby residential uses, to the greatest extent feasible;

H. To assure that the character of Sunset Boulevard and Pacific Coast Highway conform to the character of the Commercial Village and Neighborhoods because, although Sunset Boulevard and Pacific Coast Highway are links in the regional circulation system which is and always will be used by regional commuter traffic, Sunset Boulevard and Pacific Coast Highway are also "the front yards" of the Pacific Palisades Commercial Village and Neighborhoods and critical routes for local vehicular and pedestrian traffic;

I. To assure that development along Sunset Boulevard and Pacific Coast Highway incorporates design characteristics that provide a unifying element to the Commercial Village and to each Neighborhood and enhances their status as scenic highways while providing a

beautifying element to the Commercial Village and Neighborhoods through landscaping and other means;

J. To preserve all land presently zoned for parking uses in parking zones.

Sec. 3. RELATIONSHIP TO OTHER PROVISIONS OF THE LOS ANGELES MUNICIPAL CODE.

A. The regulations of this Specific Plan are in addition to those set forth in provisions of the Los Angeles Municipal Code (LAMC) and do not convey any rights not otherwise granted under such other provisions, except as specially provided herein.

B. Wherever this Specific Plan contains provisions which conflict with provisions contained in LAMC Chapter 1, the Specific Plan shall prevail and supersede the applicable provisions of that Code including those regulations contained in the Mini-mall regulation, Ordinance No. 164,201, and the Site-Plan Review regulations, Ordinance No. 164,951.

Procedures for the granting of exceptions to the requirements of this Specific Plan are established in LAMC Section 11.5.7 D.
