

ARTICLE 1.
**INTRODUCTORY
PROVISIONS**

PREFACE

This Zoning Code (Chapter 1A) of the Los Angeles Municipal Code (LAMC) serves as the new Zoning Code, a comprehensive update of the City's zoning system. The new Zoning Code will be applied incrementally on a geographic basis through the update of the City's Community Plans. In drafting the revised plans, the new zoning tools provided in this Zoning Code (Chapter 1A) will be applied to properties within each Community Plan area.

Eventually, this Zoning Code (Chapter 1A) will supersede and serve as the only Zoning Code for Los Angeles. However in the interim, until all the Community Plans have been updated and properties remapped using the new zoning system, properties in Community Plan areas not yet updated will be regulated by the provisions of the Zoning Code found in existing *Chapter I. (General Provisions and Zoning)* of this LAMC. Only when the entire City has been rezoned using the new zoning in this Zoning Code (Chapter 1A) will *Chapter I. (General Provisions and Zoning)* be removed from the LAMC.

DIV. 1.3. ORIENTATION

This Division (Orientation) provides an overview of the structure of this Zoning Code (Chapter 1A).

SEC. 1.3.1. ZONE STRING

The combination of zoning districts applied to a lot including, Form District (Part 2B.), Frontage District (Part 3B.), Development Standards District (Part 4B.), Use District (Part 5B.), and Density District (Part 6B.).

A. Zone String Brackets

1. A zone is comprised of the following districts, as established in Sec. 1.5.2. (Zoning Map):

2. In order to regulate the built environment and activities allowed on a property, as provided for in this Zoning Code (Chapter 1A), land is designated with the districts listed in Sec. 1.3.1.B. (Zoning Districts) for zoning purposes. The zone of a lot is separated into two or more bracket sets [] in order to reinforce the separation of the built environment from the types of activities as two distinct permissions on a lot. The first bracket set contains the zoning districts that determine the built environment, and the second bracket set contains the zoning districts that determine the types of activities allowed on a lot. Although the districts that make up the zone string may refer, or have standards that are tied, to other districts in the zone string, each district in the string is independent, and the various districts are combined in response to the variety of planning needs found throughout the City.

B. Zoning Districts

All zoning districts that compose a zone string including Form District (Part 2B.), Frontage District (Part 3B.), Development Standards District (Part 4B.), Use District (Part 5B.), and Density District (Part 6B.).

1. *Article 2. (Form)* regulates the placement, scale, and intensity of buildings and structures on a lot to ensure building forms are compatible with their context and to promote projects that support community goals.
2. *Article 3. (Frontage)* regulates the portions of a lot and exterior building facades that impact the public realm. *Frontage Districts (Part 3B.)* help ensure that projects respond to the public realm in a contextually appropriate manner. The regulations in *Frontage Districts (Part 3B.)* range from minimal standards for Warehouse Frontages to a robust set of standards for Shopfront Frontages which require projects to support a high-quality public realm that is active, comfortable, safe, and visually interesting, with strong connections between the public realm and uses inside buildings.
3. *Article 4. (Development Standards)* regulates site design, including location and characteristics of access, parking, landscape, and other site features. *Development Standards Districts (Part 4B.)* consist of regulations that are appropriate to a variety of contexts such as city centers, suburban neighborhoods, and rural hillsides.
4. *Article 5. (Use)* establishes *Use Districts (Part 5B.)*, *Use Standards (Part 5C.)*, and *Use Definitions (Part 5D.)* that regulate the activities on a lot and to mitigate any potential impacts within a lot and on surrounding property as a result of those activities.
5. *Article 6. (Density)* establishes *Density Districts (Part 6B.)*, which regulate the number of household dwelling units or efficiency dwelling units permitted on a lot, otherwise known as density. *Density Districts (Part 6B.)* allow for a wide variety of zoning approaches to housing.

C. Specific Plans & Supplemental Districts

Article 8. (Supplemental & Special Zoning) establishes additional regulations that may be applied through the use of Specific Plans and Supplemental Districts. These are represented in a third bracket set of the zone string, and separated by a hyphen (-) when more than one is applied. For further details, see *Sec. 1.5.2.A.3. (Specific Plans & Supplemental Districts)*.

D. Special Zones

Article 8. (Supplemental & Special Zoning) also establishes unique zone designations called Special Zones that, where applied, serve in lieu of zoning districts, Specific Plans, and Supplemental Districts. Special Zones respond to unique conditions that do not lend themselves to the regulations established in this Zoning Code (Chapter 1A). For further details, see *Sec. 1.5.2.A.4. (Special Zoning)*.

SEC. 1.3.2. NON-ZONE STRING ARTICLES

In addition to the zoning district articles, other articles in the Zoning Code (Chapter 1A) include:

- A. *Article 7. (Alternate Typologies)*, governs instances where the desired physical form for development on a lot is prohibited by the applied zoning. The zoning districts established in this Zoning Code (Chapter 1A) recognize that, in general, the physical form of development need

not be determined by its use. There are certain cases, however, in which the physical form that development takes is directly tied to a specific use or activity. In those cases, *Article 7. (Alternate Typologies)* outlines a series of regulatory solutions that override specific regulations otherwise addressed by zoning districts applied to a lot. *Article 7. (Alternate Typologies)* establishes eligibility criteria for each Alternate Typology, and what regulations are superseded from the applicable zoning districts.

- B. *Article 9. (Public Benefit Systems)* details procedures for implementing state density bonus provisions to increase the production of affordable housing, as well as other programs to facilitate the provision of public benefits to communities in the vicinity of new development in the City, consistent with the General Plan and other housing-related policies.
- C. *Article 10. (Streets & Parks)* provides standards for the development of streets and parks.
- D. *Article 11. (Division of Land)* governs the division of land in accordance with the Subdivision Map Act.
- E. *Article 12. (Nonconformities)* provides relief from the requirements of this Zoning Code (Chapter 1A) for existing lots, buildings and structures, and uses that conformed to the zoning regulations at the time they were lawfully established, but do not conform to current district standards or use permissions.
- F. *Article 13. (Administration)* provides the procedures for various approvals under this Zoning Code (Chapter 1A) and *Chapter I. (General Provisions and Zoning)* of this Code. This is the only Article in this Zoning Code (Chapter 1A) that applies to both Chapters.
- G. *Article 14. (General Rules)*, includes general rules that apply to development, as well as defining glossary terms with specific meaning in this Zoning Code (Chapter 1A).
- H. *Article 15. (Fees)* details the fees required for various approvals.

SEC. 1.3.3. RELIEF

Throughout this Zoning Code (Chapter 1A), relief statements specify the only relief options available for the standards or rules to which the statements apply. If a relief option is not specified for a particular standard or rule, that relief option is not available, unless otherwise stated by the *City of Los Angeles Charter*.

2. With the exception of *Article 13. (Administration)*, this Zoning Code (Chapter 1A) applies only to projects located on lots with zone designations established in this Zoning Code (Chapter 1A), and does not apply to those lots zoned with districts established in *Chapter I. (General Provisions and Zoning)* of this Code.
3. *Article 13. (Administration)* applies to all land use and development in the City, including lots zoned with districts established in this Zoning Code (Chapter 1A) and lots where *Chapter I. (General Provisions and Zoning)* of this Code is still in effect.
4. *Chapter I. (General Provisions and Zoning)* of this Code does not apply to those areas in which this Zoning Code (Chapter 1A) is applicable, unless expressly stated in this Zoning Code (Chapter 1A).

B. Required Conformance

1. All buildings, structures, or land, in whole or in part, shall be used or occupied in conformance with this Zoning Code (Chapter 1A).
2. Any project activity, as outlined in *Sec. 14.2.15. (Project Activities)*, in whole or in part, shall be done so in conformance with this Zoning Code (Chapter 1A).

4. In the event that any provision of this Zoning Code (Chapter 1A) conflicts with *Chapter V. (Public Safety and Protection), Article 7. (Fire Code)* of this Code, then *Chapter V. (Public Safety and Protection), Article 7. (Fire Code)* of this Code shall prevail.

C. Certificate Of Occupancy

No vacant land shall be occupied or used, except for agricultural uses as established in *Sec. 5D.10. (Agricultural Uses)* and as permitted by the applied *Use District (Part 5B.)*, and no building erected or structurally altered shall be occupied or used, until a Certificate of Occupancy has been issued by the Department of Building and Safety.

1. Certificate of Occupancy for a Building

- a. An application for a Certificate of Occupancy for a new building or structure, addition, renovation, or modification of an existing building must be made coincidentally with the application for a building permit. The Certificate of Occupancy shall be issued after written request for the Certificate of Occupancy has been made to the Department of Building and Safety and after the erection, addition or modification of the building or part of the building has been completed in conformity with the provisions of these regulations. Pending the issuance of a regular Certificate of Occupancy, a temporary Certificate of Occupancy may be issued by the Superintendent of Building for a period not to exceed six months during the completion of modifications or during partial occupancy of a building pending its completion. A temporary certificate shall not be construed as in any way altering the respective rights, duties, or obligations of the owners or of the City relating to the use or occupancy of the premises or any other matter covered by this Zoning Code (Chapter 1A), and such temporary certificate shall not be issued except under such restrictions and provisions as will adequately ensure the safety of the occupants.
- b. No excavation for any building shall be started before application has been made for a Certificate of Occupancy.

2. Certificate of Occupancy for Off-Site Parking, Alleys, Loading Zones, & Residential Planned Developments

- a. Whenever the automobile parking stalls which are required for a building by the provisions of this Zoning Code (Chapter 1A), are provided on a lot other than the one on which the building is located, the Certificate of Occupancy for said building shall be valid only while such parking stalls are maintained and shall bear a notation to that effect. The certificate shall be kept posted in a conspicuous place in the building. The Superintendent of Building shall keep a record of each lot on which required automobile parking stalls are provided for a building located on another lot, and whenever the Superintendent of Building finds that such automobile parking stalls are no longer so maintained, the Superintendent of Building shall notify the persons having custody of the building of that fact. If the required automobile parking stalls are not maintained, the Certificate of Occupancy shall become void and the building shall not thereafter be occupied or used until the required automobile parking stalls are again provided and a new certificate is issued.
- b. Whenever a lot abutting a public alley in a *Commercial-Mixed Use District (Div. 5B.5)* is developed and used solely for dwelling purposes with no more than 20 dwelling units on the lot and no loading space is provided, the Certificate of Occupancy for any building thereon shall be valid only while all the buildings on said lot are maintained for said use and the certificate shall bear a notation to that effect. If at any time any of the buildings on said lot are structurally altered or enlarged, or the use thereof is changed to a hospital, hotel, institution, commercial or industrial purposes, or a dwelling so as to exceed 20

dwelling units on the lot, the certificate shall become void and none of the buildings on said lot shall thereafter be occupied or used until the required loading space is provided and a new Certificate of Occupancy is issued.

- c. Wherever authority is granted to permit the sale of a lot in a residential planned development contingent upon the possession of an interest in common areas and facilities which are appurtenant to the lot including through shares of stock or voting membership in an owners association, the Certificate of Occupancy for buildings on the lot shall be valid only while the interest is held by the owner.

3. Certificate of Occupancy for Land

An application for a Certificate of Occupancy for the use of vacant land or a change in the character of the use of land, including the construction of tennis or paddle tennis courts, shall be made before any such land shall be occupied or used for any purpose except that of tilling the soil for the purposes of plant cultivation, as established in *Sec. 5D.10.2. (Plant Cultivation)*. A Certificate of Occupancy shall be issued after the application has been made, provided such use is in conformity with the provisions of this Zoning Code (Chapter 1A).

4. Certificate of Occupancy — Contents

The Certificate of Occupancy shall state that the building or proposed use of a building or land conforms to the provisions of this Zoning Code (Chapter 1A). A record of all certificates shall be kept on file in the office of the Superintendent of Building, and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building or land affected.

5. Plats

All applications for a Certificate of Occupancy shall be made on a form to be furnished by the Superintendent of Building, and shall contain accurate information and dimensions as to the size and location of the lot, the size and location of the buildings or structures on the lot, the dimensions of all yards and open spaces, and such other information as may be necessary to provide for the enforcement of these regulations. Where complete and accurate information is not readily available from existing records, the Superintendent of Building may require the applicant to furnish a survey of the lot prepared by a licensed surveyor. The applications and plats shall be kept by the office of the Superintendent of Building, and the duplicate copy shall be kept at the building at all times during construction.

6. Recorded Agreements

Whenever a recorded agreement(s) is required as part of the approval of a project on a lot(s) as a prerequisite to the issuance of the required building permit or Certificate of Occupancy, the owner(s) of said lot(s) shall record an agreement with the Los Angeles County Recorder as a covenant running with the land for the benefit of the City, providing that such owner or owners shall continue to maintain conformance with such agreement(s) so long as the building or use they are intended to serve is maintained.

DIV. 1.5. ZONING CODE MAPS

SEC. 1.5.1. GENERAL

A. Intent

The land use and development regulations outlined in this Zoning Code (Chapter 1A) provide responsive zoning solutions to many planning policy objectives. Typically, these provisions apply in a geographically-specific manner through mapped zoning districts, Specific Plans, Supplemental Districts, Special Zones, and other types of land designations. This collection of public right-of-way and parcel-specific maps is referred to as the Zoning Code Maps. Zoning Code Maps enable the City to effectively coordinate the application of regulations by establishing zoning districts, Specific Plans, Supplemental Districts, or other land designations through which geographic planning objectives can be addressed and further enhance the regulatory tools provided by this Zoning Code (Chapter 1A).

B. Maintenance and Access

1. Adoption & Maintenance of Zoning Code Maps

Zoning Code Maps shall be created pursuant to *Sec. 13B.1.3. (Zoning Code Amendment)* and amended as established for each Zoning Code Map.

a. Zoning Code Maps

The maps established in this *Division (Zoning Code Maps)*, maintained by the Department, published as layers of digital files that are part of its Geographic Information Systems database, shall:

- i. Delineate the boundaries of the various zoning districts, Specific Plans, Supplemental Districts, Special Zones, and other types of land designations through which regulations in this Zoning Code (Chapter 1A) are made applicable.
- ii. Include all matters, notations, and representations.
- iii. When adopted and approved, are incorporated and made a part hereof, as if fully set forth herein, and collectively constitute the official Zoning Code Maps.

b. Record of Changes

All changes to Zoning Code Maps shall be made by updating the digital file for each change with the date of the change. All amendments to official Zoning Code Maps shall be maintained by the Department, and made available to the public. Zoning Code Maps shall be marked pursuant to a system of identification established by the Department.

c. Scale of Map

Zoning Code Maps shall be maintained in the City's adopted datum, maintained by the Department of Public Works, Bureau of Engineering. Where a boundary is not a street,

alley or lot line, or where property indicated on the Zoning Code Map is not subdivided into lots and blocks, the boundary on the Zoning Code Map is determined by the scale and projection contained on the map and any metadata included as part of the Geographic Information Systems database file.

d. Land Base Dataset

The Department of Public Works, Bureau of Engineering is responsible for reviewing identifying, and updating the City's public and private land records, and establishes and maintains the City's land base dataset used by the Department of City Planning. The Department of City Planning shall make the necessary adjustment to the Zoning Code Maps as updates to the land base dataset are issued.

e. Annexations

If the City's jurisdiction is amended, changes in the Zoning Code Map shall be identified by updating the Geographic Information Systems database file with the date of the change.

2. Accessing Zoning Code Maps

Zoning Code Maps can be accessed electronically through the Department's Zoning Information and Map Access System (ZIMAS), or on the Zoning Code Maps in the Department's Map Gallery on the Department website. Hard copies of Zoning Code Maps can be made available by visiting one of the Department's Development Services Centers and making a reproduction request with payment of any applicable fees.

SEC. 1.5.2. ZONING MAP

A. Purpose

1. Zoning Districts

In order to regulate the use and development of property, as provided for in this Zoning Code (Chapter 1A), land is designated with the following districts for zoning purposes. The zone of a lot is separated into two or more bracket sets [] in order to reinforce the separation of the built environment from the types of activities as two distinct permissions on a lot. The first bracket set contains the zoning districts that determine the built environment, and the second bracket set contains the zoning districts that determine the types of activities on a lot. Although the zoning districts may refer, or have standards that are tied, to other districts, each is independent and are combined in response to the variety of planning needs found throughout the City.

[Form – Frontage – Standards] [Use – Density]

- a. Form Districts are outlined in *Article 2. (Form)*.
- b. Frontage Districts are outlined in *Article 3. (Frontage)*.

- c. Development Standards Districts are outlined in *Article 4. (Development Standards)*.
- d. Use Districts are outlined in *Article 5. (Use)*.
- e. Density Districts are outlined in *Article 6. (Density)*.

2. Alternate Typologies

The zoning districts established in this Zoning Code (Chapter 1A) recognize that, in general, the physical form of development need not be determined by its use. There are certain cases, however, in which the physical form that development takes is directly tied to a specific use or activity. In those cases, *Article 7. (Alternate Typologies)* outlines a series of regulatory solutions that overrides specific regulations otherwise addressed by zoning districts applied to a lot. Each Alternate Typology establishes eligibility parameters for each option, and what metrics it supersedes from the applicable zoning districts.

3. Specific Plans & Supplemental Districts

In addition to the provisions of *Paragraph 1. (Zoning Districts)* above, additional regulations may be applied as outlined in *Div. 8.1. (Specific Plans (SP))* and *Div. 8.2. (Supplemental Districts)*. These are represented in a third bracket set of the zoning using the acronym "SP" for Specific Plans or the acronyms established for the respective Supplemental District. The third bracket set may include multiple Specific Plans or Supplemental Districts separated by a hyphen (-).

4. Special Zoning

- a. In order to achieve specific planning objectives in designated areas having unique characteristics, Special Zones may replace the zoning in *Sec. 1.5.2.A.1. (Zoning Districts)* and Supplemental Districts in *Sec. 1.5.2.A.3. (Specific Plans & Supplemental Districts)* established above. Special Zones respond to unique conditions and stipulate land use and development requirements or incentives tailored to distinctive qualities that may not lend themselves to the regulations established in this Zoning Code (Chapter 1A), except as outlined within each Special Zone.
- b. The Special Zones outlined in *Div. 8.3. (Special Zoning)* shall serve as the designated zone, in lieu of zoning districts, Specific Plans, and Supplemental Districts, where applied.
- c. Lots zoned with Special Zones shall have a maximum of two bracket sets []. The first bracket set shall state the name of the Special Zone. The second bracket set may include multiple Specific Plans or Supplemental Districts separated by a hyphen (-). In instances in which a lot is zoned only with a Special Zone, only one bracket set shall be included.

5. Zoning of Annexed or Unzoned Land

- a. All land or territory annexed to the City after the effective date of this Zoning Code (Chapter 1A), where applied, is automatically classified [LF2-WH1-5] [A1-1L] unless the City Council specifically determines otherwise.

- b. The City Council may establish specific zoning by ordinance for land or territory to be annexed. The zoning ordinance may be adopted concurrently with the annexation. Unless the specific zoning is established by ordinance, the Zoning Map shall be amended to indicate the land or territory annexed as [LF2-WH1-5] [A1-1L] without additional proceedings.
- c. Any land or territory in the City not indicated on the Zoning Map as being in any zone shall be construed as being classified in the same zone that exists on a lot on the opposite side of the street or highway of the subject land or territory, and the Zoning Map shall be amended to indicate that zone without additional proceedings.

DIV. 1.6. EMERGENCY PROVISIONS

SEC. 1.6.1. LOCAL EMERGENCY TEMPORARY REGULATIONS

A. Declaration of Intent

It is the intent and objective of this *Division (Emergency Provisions)* is to establish reasonable and uniform regulations to protect the public welfare and to provide a streamlined method for consideration of applications for temporary use approvals and other land use approvals in an emergency, such as fire, storm, severe earthquake, civil disturbance, or other disaster declared by the Governor.

B. Long-Term Temporary Uses

1. Authority of the Zoning Administrator

- a. Regardless of any other provision of this Zoning Code (Chapter 1A) to the contrary, the Zoning Administrator has the authority to approve the use of a lot in any zone for the temporary use of property which will aid in the immediate restoration of an area adversely impacted by a severe fire, storm, earthquake, similar natural disaster, or a civil or military disturbance, and declared by the Governor as an emergency area if the Zoning Administrator finds:
 - i. That the nature and short duration of the proposed temporary use assures that the proposed use will not be materially detrimental to the character of development in the immediate neighborhood;
 - ii. That the proposed use will not adversely affect the implementation of the General Plan or any applicable Specific Plan; and
 - iii. That the proposed use will contribute in a positive fashion to the reconstruction and recovery of areas adversely impacted during the emergency.
- b. In making a determination pursuant to this *Section (Local Emergency Temporary Regulations)*, the Zoning Administrator shall balance the public interest and benefit to be derived from the proposed temporary use against the degree, significance of, and temporary nature of the inconvenience to be caused in the area where the temporary use is located. The Zoning Administrator may promulgate regulations and guidelines as are necessary and proper to administer the provisions of this *Division (Emergency Provisions)*.

2. Conditions of Approval

- a. In approving the location of any temporary use, the Zoning Administrator may impose conditions as the Zoning Administrator deems necessary to protect the peaceful and quiet enjoyment of nearby properties. The Zoning Administrator shall require the posting of a completion bond, or other guarantee satisfactory to the Zoning Administrator, to cover the cost of the removal of any improvements made to a lot or cleaning of the lot after termination of the temporary authorized use.

- b. Furthermore, the Zoning Administrator shall require termination of the temporary use within one year from the date of the approval of the temporary use, the removal of all temporary improvements on the lot, and the restoration of the lot to a permitted use within a reasonable period of time determined by the Zoning Administrator. Approval of any application for a temporary use does not result in any vested or nonconforming rights to carry on the temporary use after the term authorized.
- c. The automobile parking design and improvement provisions of *Sec. 4C.4.3. (Parking Area Design)* and *Sec. 4C.4.4. (Parking Lot Design)* and the yard requirements of this Zoning Code (Chapter 1A) do not apply to temporary permits for public parking in the *Residential Use Districts (Div. 5B.3.)*. However, in approving permits, the Zoning Administrator may impose those conditions as the Zoning Administrator deems necessary to protect the peaceful and quiet enjoyment of the subject and nearby properties.

3. Revocation

- a. The Zoning Administrator may suspend or revoke any temporary use approval, if the Zoning Administrator determines that the temporary use bears no significant relation to the reconstruction and recovery of areas adversely impacted by the emergency, or that the conditions imposed on any temporary use approval have not been complied with, or that an unreasonable level of interference with the peaceful enjoyment of neighboring properties is created by the conduct of any authorized activity.
- b. Prior to the revocation of a temporary use approval, the Zoning Administrator shall give written notice to the record owner or lessee to appear within five days, or less if justified by a threat to public health and safety, at a time and place fixed by the Zoning Administrator and show cause why the temporary use approval should not be revoked or why further conditions should not be imposed.
- c. A determination of the Zoning Administrator pursuant to this *Subsection B. (Long-Term Temporary Uses)* may be appealed to the Area Planning Commission on a form prescribed by the Department in accordance with the procedures described in this *Section (Local Emergency Temporary Regulations)*.

4. Other Permits and Licenses

This *Division (Emergency Provisions)* does not, except as stated here, modify or affect in any way the duty of any applicant to obtain any other permit or license which may be required under any other provision of this Zoning Code (Chapter 1A) or state law.

5. Application

- a. An application to allow any temporary use referred to in this *Division (Emergency Provisions)* shall be filed with the Department of City Planning upon forms and accompanied by data as the Department may require.

- b. The application may be filed by an owner or a lessee and shall be verified by the applicant attesting to the truth and correctness of all facts and information presented with, or contained in the application and shall also be signed by the owner of record of any lot where the proposed temporary use will be located.
- c. A copy of any application so filed shall be transmitted by the Department to the Councilmember of the district in which the proposed use would be located and to the Department of Transportation for their information.

6. Notice & Hearing

- a. Upon the filing of a complete application, the Zoning Administrator shall set the matter for public hearing. Notice of the time, place, and intent of the hearing shall be given by mailing a written notice at least 14 days prior to the date of the hearing to the applicant, to the owner of the subject property, to abutting property owners, and to property owners directly across the street or alley from the subject property.
- b. An application for a temporary use shall be set for public hearing unless the Zoning Administrator makes written findings, attached to the file involved, that the requested temporary use:
 - i. Will not have a significant effect on adjoining properties or on the immediate neighborhood; or
 - ii. Is not likely to evoke public controversy.

7. Time Limit

The Zoning Administrator shall make a determination within 30 days from the filing of a complete application. This time limit may be extended by mutual written consent of the applicant and Zoning Administrator.

8. Fee

An application for an approval pursuant to this *Section (Local Emergency Temporary Regulations)* does not require any filing fee.

9. Decisions by the Zoning Administrator

Decisions by the Zoning Administrator shall be supported by written findings of fact based upon written or oral statements and documents presented to the Zoning Administrator, which may include photographs, maps and plans, together with the results of the Zoning Administrator's investigations. Upon making a decision, the Zoning Administrator shall mail a copy of the written findings and decisions to the applicant, and to the other persons who were required to be notified under *Paragraph 6. (Notice & Hearing)* above.

10. Decision Effective & Appeal

The decision of the Zoning Administrator is final, unless appealed, after an elapsed period of 10 days from the date of mailing a copy of the written findings and decision to the applicant. During this period, any person aggrieved by the decision may file a written appeal to the Area Planning Commission. The appeals shall set forth specifically the points at issue, the reasons for the appeal, and how the appellant believes there was an error or abuse of discretion by the Zoning Administrator. No fee will be charged for this appeal.

11. Failure to Act

If the Zoning Administrator fails to make a decision on a temporary land use application within the time limit specified in *Paragraph 7. (Time Limit)* above, then the applicant may file a request in the Office of Zoning Administration for a transfer of jurisdiction to the Area Planning Commission and for a decision by the Area Planning Commission on the original application. In that case, the Zoning Administrator shall lose jurisdiction and the Area Planning Commission shall assume jurisdiction, provided, however, that the matter may be remanded to the Zoning Administrator or the Area Planning Commission may accept the applicant's request for withdrawal of the transfer of jurisdiction. In either case, the Zoning Administrator will regain jurisdiction for the time and purpose specified by the Area Planning Commission.

12. Transfer of Jurisdiction

When considering any matter transferred to its jurisdiction pursuant to *Subsection C. (Special Provisions for Other Proceedings)* below because of the failure of the Zoning Administrator to act, the Area Planning Commission shall make its decision within 30 days after the request to transfer jurisdiction is filed. All decisions become final on the date of mailing a copy of the Area Planning Commission's decision to the applicant.

13. Record on Appeal

Within five days of receipt of the filing of an appeal, the case file of the Zoning Administrator appealed, and the appeal shall be delivered to the Area Planning Commission. At any time prior to the action by the Area Planning Commission on the appeal, the Zoning Administrator may submit supplementary pertinent information as the Zoning Administrator deems necessary or as may be requested by the Area Planning Commission.

14. Appeal Hearing Date-Notice

Upon receipt of the appeal, the matter shall be set for an Area Planning Commission hearing and notice shall be given by mail of the time, place and purpose of the hearing to the appellant, to the applicant, to the owner or owners of the property involved, to the Zoning Administrator and to any other interested party who has requested in writing to be notified. This notice shall be in writing and mailed at least five days prior to the hearing.

15. Appeal Hearing Date-Continuance

Upon the date set for the hearing, the Area Planning Commission will hear the appeal, unless, for cause, the Area Planning Commission shall on that date continue the matter. No notice of continuance need be given if the order to continue is announced at the time for which the hearing was set.

16. Area Planning Commission Decision

- a. When considering an appeal from an action by the Zoning Administrator, the Area Planning Commission shall make its decision within 15 days (in the case of a revocation, within 10 days) after the expiration of the appeal period, or within an extended period of time as may be mutually agreed upon in writing by the applicant and the Area Planning Commission. The Area Planning Commission shall base its decision only upon:
 - i. Evidence introduced at the hearing, or hearings, if any, before the Zoning Administrator, on the issue;
 - ii. The record, findings and determination of the Zoning Administrator; and
 - iii. The consideration of arguments, if any, presented to the Area Planning Commission orally or in writing.
- b. If an applicant or aggrieved person wishes to offer into the proceedings any new evidence in connection with the matter, a written summary of that evidence, together with a statement as to why that evidence could not reasonably have been presented to the Zoning Administrator shall be filed with the Area Planning Commission prior to the hearing. If the Area Planning Commission fails to act on any appeal within the time limit specified in the Subsection, the determination of the Zoning Administrator is final.
- c. The Area Planning Commission may modify or reverse the ruling, decision or determination appealed from only upon making findings indicating how the action of the Zoning Administrator was in error or constituted an abuse of discretion and shall make specific findings supporting any modification or reversal. The decision of the Area Planning Commission is final as of the date of its determination on the matter. After making a decision, a copy of the findings and determination shall be placed on file in the Department of City Planning and a copy of the determination shall be furnished to the applicant, the appellant, and the Department of Building and Safety.

C. Special Provisions For Other Proceedings

Provided, however, that repair or reconstruction shall be commenced within two years of the date of damage or destruction and completed within two years of obtaining a permit for reconstruction. - ii. The cost of repair would exceed 50 percent of the replacement cost of the building or structure, not including the value of the foundation system, as determined by the Department of Building and Safety.

SEC. 1.6.5. TEMPORARY REGULATORY RELIEF DURING A LOCAL EMERGENCY

A. Intent

The intent of this *Section (Temporary Regulatory Relief During a Local Emergency)* is to provide land use regulatory relief from certain Zoning Code provisions during a declared local emergency. The regulatory relief, upon activation by the City Council, provides flexibility for businesses and property owners in the recovery from a local emergency by extending the time limitations for certain land use approvals and providing relief from certain automobile parking standards.

B. Applicability

The provisions of this *Section (Temporary Regulatory Relief During a Local Emergency)* may be invoked upon the adoption of a City Council resolution following the Mayor's declaration of emergency pursuant to local and state law, provided the resolution does not conflict with any Mayoral orders issued in relation to the declared local emergency.

1. State Law & City Charter

The provisions of this *Section (Temporary Regulatory Relief During a Local Emergency)* do not supersede state law or the Mayor's authority under the City of Los Angeles Charter and Los Angeles Administrative Code.

2. Effective Dates

Regardless of any other provisions of this *Article (Introductory Provisions)* to the contrary, the regulatory relief provided by this *Section (Temporary Regulatory Relief During a Local Emergency)* shall automatically terminate 12 months after the expiration or termination date of the relevant emergency declaration, or upon City Council's action by resolution to terminate earlier than that date. However, the City Council may, by resolution, extend the regulatory relief provided by this *Section (Temporary Regulatory Relief During a Local Emergency)* for up to an additional 24 months, thereby allowing the provisions to apply for a total of 36 months after the termination or expiration of the local emergency order. The City Council retains the discretion to terminate these provisions by resolution at any time after the expiration or termination of the local emergency order.

(Eligibility Criteria)* below are met, to the term prescribed in *Sec. 13A.2.7.A. (Discretionary Project Approvals Time Limits)*.

i. Multiple Approvals

Regardless of the expiration periods set forth in *Sec. 13A.2.7.A. (Discretionary Project Approvals Time Limits)*, if an eligible conditional use or other quasi-judicial approval is part of a project that requires multiple legislative and/or quasi-judicial approvals pursuant to *Sec. 13A.2.10. (Multiple Approvals)*, then the expiration period set forth in *Sec. 13A.2.7.A. (Discretionary Project Approvals Time Limits)* is extended by a term equivalent to the time period of the local emergency, plus up to an additional 12 months from the expiration of the local emergency for all approvals concurrently granted.

b. Extension of Term-Limited Grants

Regardless of any condition of approval that specifies an expiration date or term limit for a Conditional Use Permit, where the expiration date occurs during the local emergency, that expiration date is automatically extended for the term of the local emergency, plus up to an additional 12 months when the criteria in *Subparagraph c. (Eligibility Criteria)* below are met.

i. Multiple Approvals

Regardless of any provision of this Zoning Code (Chapter 1A) to the contrary, if an eligible Conditional Use Permit is part of a project that requires multiple legislative and/or quasi-judicial approvals pursuant to *Sec. 13A.2.10.
