FINDINGS OF FACT

After thorough consideration of the statements contained in the application, the plans submitted therewith, and the statements made at the public hearing on August 26, 2020 all of which are by reference made a part hereof, as well as knowledge of the property and surrounding district, I find that the requirements for authorizing a conditional use plan approval under the provisions of Sections 12.24-M have been established by the following facts:

BACKGROUND

The subject property is a level, irregular-shaped, 78,749 square-foot parcel of land located in the Lincoln Heights neighborhood. The property has a frontage of approximately 387 feet along San Pablo Street and a depth of approximately 193 feet along Alcazar Street. As of 2020, the subject site is being developed into a five-story mixed-use hotel development. The subject conference center (USC Conference Center) will be located on the basement level of the hotel fronting San Pablo Street.

The property is zoned [T][Q]C2-2 with a land use designation of General Commercial within the Northeast Los Angeles Community Plan. The property is also located within the East Los Angeles State Enterprise Zone (ZI-2129), the Adelante Eastside Redevelopment Plan Area (ZI-2488), an Urban Agriculture Incentive Zone, a Hillside Area (BOE Basic Grid Map A-13372), a Liquefaction Zone, and is within the Upper Elysian Park Fault Zone.

The subject project, "USC Conference Center", coincides with the construction of the mixed-use "Hyatt House" hotel development on the northeast corner of San Pablo Street and Alcazar Street. It will be located on the northern edge of the USC Health Sciences Campus. While both establishments occupy the same building, they are not accessible from one another. The entrance to and from the conference center can only be accessed from a stairway and elevator located along the exterior of the hotel building on San Pablo Street. Guests and visitors can park their cars at either the off-site San Pablo parking structure located to the north of the site or find parking on-site adjacent to the Hyatt House hotel entrance. In total, 310 parking spaces will be provided; 300 off-site and 10 on-site. A total of 52 short-term and long-term bicycle parking spaces will also be provided either adjacent to the hotel property or within the parking structure noted above. Nearby public transportation is available on Valley Boulevard, north of the subject property, with the Metro Local Bus Line 76 providing east-west service for communities between El Monte and Downtown LA.

The project is a Master Plan Approval to permit the sale and dispensing of a full line of alcoholic beverages with live entertainment at the proposed 20,548 square-foot USC Conference Center. Seating will not exceed the maximum occupancy of 1,127 patrons with hours of operation of 6:00 a.m. to 2:00 a.m., daily. The conference center will be comprised of five banquet halls and two classrooms and will primarily serve students, faculty, visiting scholars, and professionals of the USC Health Science Campus for conferences, meetings, and social events. On occasion, events such as birthday parties, receptions, corporate events, and ceremonies will be hosted by other individuals or groups. Subject to each event, live entertainment will provided in the form of music.

Case No. CPC-2015-375-MCUP-ZV-ZAD-SPR established the use of the subject property permitting a mixed-use hotel development containing no more than 200 guest rooms, no more than 24,182 square-feet of restaurant and conference meeting space, and no more than 5,143 square-feet of retail space. Further, the on-site sale of alcoholic beverages was authorized within the Hyatt House hotel development by the underlying approved Master Conditional Use Permit (Case No. CPC-2015-376-MCUP-ZV-ZAD-SPR). Condition No. 4 states the following:

Authorization. The conditional use authorization herein for the sale of a full line of alcohol alcoholic beverages for on-site consumption shall be limited to areas within the hotel including

the hotel conference center, hotel lobby bar and lounge, the backyard outdoor lounge, and hotel in-room mini cabinets; and a full line of alcohol for onsite consumption at three restaurants and for on-site consumption of beer and wine only for one additional restaurant.

Prior to the utilization of any of these venues, a Master Plan Approval must be filed and granted. Conditions may be imposed to address any operational characteristics deemed appropriate by the decision maker. Currently there are two (2) Master Plan Approval entitlement under review, inclusive of the subject request. The following Master Plan Approvals are currently pending at the site:

Case Number	Venue Name	Type	Area
ZA-2020-1097-MPA	USC Conference Center	full line, on-site	20,548 SF
ZA-2020-1128-MPA	Hyatt House	full line, on-site	18,400 SF (lobby, restaurant, bar, meeting rooms), 200 guest rooms

An email communication dated, August 25, 2020, was received from Richard Larsen a member of the Lincoln Heights Neighborhood Council (via the applicant's representative) denoting that every attempt was made to coordinate outreach between the applicant and the Neighborhood Council during the Covid Pandemic. The meeting was held on July 22, 2020 in which the project received unanimous support from their Planning and Land Use Committee.

An email communication dated, August 25, 2020, was received from Shaylee Papadakis of Council District 14 (via the applicant's representative) indicating that their office will not be taking a position on the case and they have no concerns at this time.

An email communication dated, August 31, 2020, was received from Lee Rabun, the applicant's representative, requesting that the address be changed to 2200 Trojan Way since the City's ZIMAS now lists the address on the property.

An email communication dated, September 2, 2020, was received from Lee Rabun, the applicant's representative, with updated floor plans attached.

On September 21, 2020, the LAPD Hollenbeck Area Vice Unit signed a letter stating that they do not oppose the Master Plan Approval request for the sale of a full line of alcohol for the subject case and provided 27 operating conditions to be considered for the project site.

PUBLIC HEARING

The public hearing was held on August 26, 2020 at 9:30 a.m. telephonically in conformity with the Governor's Executive Order N-29-20 (March 17, 2020) and due to concerns over COVID-19. There were approximately eight persons who called in to attend – the applicants, his representative, and stakeholders in the area.

Lee Rabun of CLR Enterprises, Inc. representative for both the hotel and USC Conference Center. Tom Weigel is the applicant of Hyatt Hotel and Dine Dejong is the applicant of USC Hospitality along with Mr. Jung. Mr. Rabun indicated that the applicants were present and made the following comments:

- In 2015, a Master Conditional Use and other entitlements were approved by the City Planning Commission with the larger scope of the project involving a hotel of 185,000 square feet having 200 rooms and a ground floor area with 39,000 square feet including a 24,000 square foot restaurant service area, involving 180 interior seats and 32 outdoor seats; however, we are asking for 175 interior seats and 24 outdoor seats.
- The conference facility will provide catalyst opportunities for the USC campus. The banquet hall is composed of a 9,000 square foot banquet center for private and public bookings, from 6 a.m. to 2 a.m.
- There are 171 on-site parking spaces for the hotel and conference center provided in the parking structure across San Pablo Street.
- Security is provided by the larger USC Security Guard Service.
- Outreach was also done with the Lincoln Heights Neighborhood Council but Mr. Rabun was sick during their first meeting, then the Covid Pandemic hit. It was no fault of the Neighborhood Council, but it was difficult to meet until March 20th. The committee wondered what happened then unanimously approved the request. The full Council didn't have a quorum in June and will meet at a later date.
- Council District No. 14 supports the request, as evidence of their email and had no issues.
- Officer Sandoval of the LAPD is poised to comment on the request.

Gilbert Garcia of Soto Street near the Liquor Store expressed that there will be problems of clean-up. There are always debris in the neighborhood from patrons of the liquor store. Another liquor outlet would create the same problem. Additionally, the conference facility will be open later hours into the night. USC has made it safer, but the on-site sales will cause problems in the adjacent neighborhood. The neighbors are older may not want to speak up on these issues. Bravo High School is close by as well. What happens to people that leave while intoxicated? He opposes alcohol. The hotel's alcohol sales should not be at the expense of the neighbors.

Maria, a neighbor and has children at Bravo High School. She expressed that the neighborhood will benefit from the project; however, rejects alcohol in the neighborhood. There is a larger problem in the neighborhood when people leave the conference center at night while drunk. The other liquor store in the area where people on campus already purchase alcohol. She is not in agreement with having alcohol until 2 a.m. Other restaurants have alcohol issues as far away as Dodger Stadium with exiting drunk and noisy. There is already a liquor store across the street at Alcazar and Soto Street.

Natalia Banek resides on Soto Street and is a parent of a student at Bravo High School. She expressed opposition to the alcohol sales and is concerned with accidents and people drinking outside of the liquor store and drunken behavior toward the high school.

Officer Angel Sandoval of LAPD indicated he has been on this assignment for the past 8 and a half years and made the following comments:

- He will submit a letter in a few weeks.
- Had been working with Lee Rabun.
- Been working with USC on the larger campus and noted that their agency has a good working relationship with the school.
- He will continue working with Mr. Rabun on the day care, hotel, and conference center.

Lee Rabun responded to the comments with the following:

- There are two liquor licenses on the Arts Coffee Shop and the Health Sciences Campus. They are for facilities and campus employees. Then in 2015 the Conditional Use identified the Faculty House license will be replaced by the current project site. The paragraph on page 11 read to record that state Alcohol facilities will serve largely the campus.
- Liquor stores do pose problems that have triggered Conditional Use Permit laws and the South Central Alcohol Specific Plan.
- Homeless and drunken behavior on public streets have occurred. Mr. Rabun is familiar with the problems in downtown LA. However, part of the economic resurgence in downtown is due to restaurants and liquor licenses.
- Full-service hotel and conference are able to serve the facility, patients of the hospital and campus and others in the neighborhood doing quince eras at the conference center.
- These licenses have been vetted by the City Planning Commission in the Master Conditional Use entitlement.

The Zoning Administrator closed the public hearing and stated that he finds the testimony favorable and within the scope of the Master Conditional Use. He indicated that there is concern with traffic and patrons of the site exiting the site through the residential neighborhood via the interior of the campus and through Soto Street. The Zoning Administrator prefers exiting traffic be directed towards Valley Boulevard. Additionally, with the proper conditions, indicated that findings can be made in the affirmative after review of the administrative record and intends to conditionally grant the case. Further, the Zoning Administrator stated that the case will be held on advisement for a period of one week pending the receipt of the following information:

- Consideration of safety issues
- Sensitive uses nearby (residential uses and Bravo High School)
- LAPD's letter

CONDITIONS IDENTIFIED FOR CONSIDERATION BY THE STATE DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL RELATIVE TO THE SALE AND DISTRIBUTION OF ALCOHOLIC BEVERAGES

In approving the instant grant, the Zoning Administrator has not imposed Conditions specific to the sale or distribution of alcoholic beverages, even if such Conditions have been volunteered or negotiated by the applicant, in that the Office of Zoning Administration has no direct authority to regulate or enforce Conditions assigned to alcohol sales or distribution.

The Zoning Administrator has identified a set of Conditions related to alcohol sales and distribution for further consideration by the State of California Department of Alcoholic Beverage Control (ABC). In identifying these conditions, the Office of Zoning Administration acknowledges the ABC as the responsible agency for establishing and enforcing Conditions specific to alcohol sales and distribution. The Conditions identified below are based on testimony and/or other evidence established in the administrative record, and provide the ABC an opportunity to address the specific conduct of alcohol sales and distribution in association with the Conditional Use granted herein by the Zoning Administrator.

- No “Happy Hour” type of reduced-price alcoholic beverage or “2 for 1” promotion shall be allowed at any time. Discounted food promotions are encouraged.
- No alcohol shall be allowed to be consumed on any adjacent property under the control of the applicant.
- There shall be no exterior advertising of any kind or type, including advertising directly to the exterior from within, promoting or indicating the availability of alcoholic beverages. Interior displays of alcoholic beverages or signs which are clearly visible to the exterior shall constitute a violation of this condition.
- The sale of alcohol shall be incidental to the sale of food.
- The sale of alcoholic beverages for consumption off the premises is prohibited.
- The off-site sale of alcoholic beverages as a secondary use (i.e., “take out”) is not permitted.
- All service of alcoholic beverages shall be conducted by a waitress or waiter or bartender.

No Loitering or Public Drinking” signs shall be posted in and outside of the facility in the same language(s).

AUTHORITY FOR PLAN APPROVAL

Section 12.24-M of the Los Angeles Municipal Code provides in pertinent part:

“M. Development of Uses. (Amended by Ord. No. 173,992, Eff. 7/6/01)

1. Development of Site. On any lot or portion of a lot on which a deemed-approved conditional use is permitted pursuant to the provisions of this section, new buildings or structures may be erected, enlargements may be made to existing buildings, existing uses may be extended on an approved site, as permitted in Subsection L of this Section, provided plans are submitted to and approved by the Zoning Administrator, the Area Planning Commission, or the City Planning Commission, whichever has jurisdiction at that time...”

BASIS FOR CONDITIONAL USE PERMITS

A particular type of development is subject to the conditional use process because it has been determined that such use of property should not be permitted by right in a particular zone. All uses requiring a conditional use permit from the Zoning Administrator are located within Section 12.24-W of the Los Angeles Municipal Code. In order for the sale of a full line of alcoholic beverages for on-site consumption to be authorized, certain designated findings have to be made. In these cases, there are additional findings in lieu of the standard findings for most other conditional use categories.

CONDITIONAL USE FINDINGS

Following (highlighted) is a delineation of the findings and the application of the relevant facts to same:

1. **The project will enhance the built environment in the surrounding neighborhood or**

will perform a function or provide a service that is essential or beneficial to the community, city or region.

The proposed USC Conference Center will be located within a portion of the Lincoln Heights neighborhood that consists of the County-USC Medical Center and the USC Health Science Campus. Prior to 2014, the subject project area was designated Limited Industrial until approval of a General Plan Amendment was granted transitioning it to General Commercial (Case No. CPC-2013-7-GPA-ZC-ZAD-SPR). While academic and medical institutions largely inhabit the area, the neighborhood is also characterized by several open space and public facilities. The development of the USC Conference Center will be new in the area, providing the community a gathering space for conferences, meetings, and social events. It will contain a fully-equipped kitchen allowing for food and beverage service.

The USC Conference Center will provide a service that is beneficial to the community by creating a venue space for public and private events. While its five banquet halls and two classrooms will primarily cater to academic conferences, meetings, and social events hosted by the USC Health Science Campus, events such as celebratory parties, wedding receptions, corporate events, and other similar events may also be scheduled and attended by the public. In addition to providing a complementary service to the existing community and adjacent facilities, the conference center will also complement the hotel, retail, and restaurant uses of the Hyatt House development. It will encourage visiting scholars, prospective students, and family members of patients of the nearby hospital facilities to find accommodations at the hotel and enhance commercial and pedestrian activity in the neighborhood.

The approval of the Master Plan Approval request will enable the USC Conference Center to offer its guests a full line of alcoholic beverages with live entertainment through its banquet halls and classrooms. The sale and dispensing of alcoholic beverages for events such as conferences, social gatherings, celebratory parties, and receptions is typically desired by guests and is therefore provided by similar establishments. By providing alcoholic beverage service, the conference center will enhance guest experience at events as well as benefit from the collection of additional sales and tax revenue. While the sale of alcoholic beverages is already authorized on the site by the approved Master Conditional Use Permit (Case No. CPC-2015-376-MCUP-ZV-ZAD-SPR), the Plan Approval enables the Zoning Administrator to consider more closely the nature of each operation and to impose further conditions as necessary. Monitoring and safety conditions have been imposed in this grant to address public concerns related to the sale and on-site consumption of alcoholic beverages at the subject USC Conference Center.

The approval of the sale and dispensing of a full line of alcoholic beverages, in conjunction with the imposed conditions of approval, will assure that the service of alcohol is not disruptive to the community. The approved grant supports the transition of properties from Light Industrial to General Commercial, with the USC Conference Center providing nearby residents, employees, and visitors a gathering space for hosting and attending events. As such, the request will serve a function and provide a service that is beneficial to the community.

2. **The project's location, size, height, operations and other significant features will be compatible with and will not adversely affect or further degrade adjacent properties, the surrounding neighborhood, or the public health, welfare and safety.**

The subject property was previously entitled for a Master Conditional Use Permit (MCUP) to allow on-site alcohol sales at five establishments at the mixed-use Hyatt House hotel development (Case No. CPC-2015-376-MCUP-ZV-ZAD-SPR). The MCUP requires each tenant to file for a Master Plan Approval to review the proposed operation of each tenant in

further detail and to impose project-specific conditions of approval that address hours of operation, seating, size, security, live entertainment, etc. The 20,548 square-foot USC Conference Center will be a tenant of the Hyatt House mixed-use development located on the northeast corner of San Pablo Street and Alcazar Street. Other tenants include the five-story Hyatt House hotel and prospective retail shops and restaurants. Upon completion, the conference center will reside on the basement level of the development. It will be comprised of five banquet halls and two classrooms. The conference center will also be furnished with a fully-equipped kitchen, allowing food preparation and service to be conducted in-house. Hours of operation shall be limited to 6:00 a.m. to 2:00 a.m., daily.

Surrounding land uses consist of commercial, light industrial, open space, and public facility uses. Properties north of the subject property and across Valley Boulevard are zoned PF-1 and OS-1XL, and include a Union Pacific rail right-of-way and Lincoln Park. Properties east of the subject project are zoned PF-1 and CM-1, and include Los Angeles County Department of Public Works facilities and parking. Properties south of the subject property are zoned C2-2 and include a variety of academic and medical facilities part of the USC Health Science Campus. Properties west of the subject property are zoned [T][Q] C2-2 and include a graduate student housing complex and childcare facility.

The USC Conference Center, in conjunction with the entire Hyatt House hotel development, will conform with the development standards for projects in the C2-2 zone set forth by the Northeast Los Angeles Community Plan and the Citywide Commercial Design Guidelines. It will be consistent with the following design components: (i) articulation of facades to provide variation and visual interest; (ii) use of building materials that accent or complement adjacent and nearby building facades; (iii) screening of mechanical, electrical and rooftop equipment from public view; and (iv) on-site lighting along pedestrian walkways and vehicular access ways.

The height of the Hyatt House hotel development will also be consistent in scale with the height of the existing structures within the USC Health Science Campus. It will stand five-stories tall similar to that of the adjacent graduate student housing complex. Other nearby Health Science Campus and public facilities buildings range from 4 to 15 stories in height.

Parking will be shared with the graduate student housing complex, the childcare facility, and other facilities within the USC Health Science Campus in the San Pablo parking structure just north of the subject site. The structure provides a total of 1,200 shared parking stalls, in which 300 are designated for the Hyatt House hotel.

During the public process, two communications were received from the public. These include an email from the Lincoln Heights Neighborhood Council (via the applicant's representative) denoting that every attempt was made to coordinate outreach between the applicant and the Neighborhood Council during the Covid Pandemic. The meeting was held on July 22, 2020 in which the project received unanimous support from their Planning and Land Use Committee. A second email communication Council District 14 (via the applicant's representative) indicating that their office will not be taking a position on the case and they have no concerns at this time. Finally, the LAPD expressed non opposition with conditions.

The public hearing was held on August 26, 2020 at 9:30 a.m. telephonically in conformity with the Governor's Executive Order N-29-20 (March 17, 2020) and due to concerns over COVID-19. There were approximately eight persons who called in to attend – the applicants, his representative, and stakeholders in the area. Lee Rabun of CLR Enterprises, Inc. representative for both the hotel and USC Conference Center. Tom Weigel is the applicant of Hyatt Hotel and Dine Dejong is the applicant of USC Hospitality along with Mr. Jung. Mr. Rabun indicated that the applicants were present and commented that in 2015, a Master

Conditional Use and other entitlements were approved by the City Planning Commission with the larger scope of the project involving a hotel of 185,000 square feet having 200 rooms and a ground floor area with 39,000 square feet including a 24,000 square foot restaurant service area, involving 180 interior seats and 32 outdoor seats; however, we are asking for 175 interior seats and 24 outdoor seats. The conference facility will provide catalyst opportunities for the USC campus. The banquet hall is composed of a 9,000 square foot banquet center for private and public bookings, from 6 a.m. to 2 a.m. There are 171 on-site parking spaces for the hotel and conference center provided in the parking structure across San Pablo Street. Security is provided by the larger USC Security Guard Service. Outreach was also done with the Lincoln Heights Neighborhood Council but Mr. Rabun was sick during their first meeting, then the Covid Pandemic hit. It was no fault of the Neighborhood Council, but it was difficult to meet until March 20th. The committee wondered what happened then unanimously approved the request. The full Council didn't have a quorum in June and will meet at a later date. Council District No. 14 supports the request, as evidence of their email and had no issues. Officer Sandoval of the LAPD is poised to comment on the request.

There were three community stakeholders that expressed opposition to alcohol sales and cited the following issues:

- there will be problems of clean-up. There are always debris in the neighborhood from patrons of the liquor store. Another liquor outlet would create the same problem.
- the conference facility will be open later hours into the night. USC has made it safer, but the on-site sales will cause problems in the adjacent neighborhood. There is a larger problem in the neighborhood when people leave the conference center at night while drunk.
- The neighbors are older may not want to speak up on these issues.
- Bravo High School is close by as well. He is concerned of people that leave while intoxicated.
- The hotel's alcohol sales should not be at the expense of the neighbors.
- the neighborhood will benefit from the project; however, rejects alcohol in the neighborhood. The other liquor store in the area where people on campus already purchase alcohol.
- concerned with accidents and people drinking outside of the liquor store and drunken behavior toward the high school.

Officer Angel Sandoval of LAPD indicated he will submit a letter in a few weeks. Had been working with Lee Rabun. He had been working with USC on the larger campus and noted that their agency has a good working relationship with the school. He will continue working with Mr. Rabun on the day care, hotel, and conference center.

Lee Rabun responded that there are two liquor licenses on the Arts Coffee Shop and the Health Sciences Campus. They are for facilities and campus employees. Then in 2015 the Conditional Use identified the Faculty House license will be replaced by the current project site. The paragraph on page 11 read to record that state Alcohol facilities will serve largely the campus. Mr. Rabun is familiar with the problems in downtown LA. However, part of the economic resurgence in downtown is due to restaurants and liquor licenses. Full-service hotel and conference are able to serve the facility, patients of the hospital and campus and others in the neighborhood doing quince eras at the conference center. These licenses have been vetted by the City Planning Commission in the Master Conditional Use entitlement.

The Zoning Administrator closed the public hearing and stated that he finds the testimony favorable and within the scope of the Master Conditional Use. He indicated that there is

concern with traffic and patrons of the site exiting the site through the residential neighborhood via the interior of the campus and through Soto Street. The Zoning Administrator prefers exiting traffic be directed towards Valley Boulevard. Additionally, with the proper conditions, indicated that findings can be made in the affirmative after review of the administrative record and intends to conditionally grant the case. Further, the Zoning Administrator stated that the case will be held on advisement for a period of one week pending the receipt of the following information:

- Consideration of safety issues
- Sensitive uses nearby (residential uses and Bravo High School)
- LAPD's letter

Beyond the advisement period, LAPD's recommendations were received. Updated floor plans were also received from the applicant's representative.

Upon review of the administrative record, findings were made for the granting of the instant request. As with the approval of the Master Conditional Use Permit, the Plan Approval request was determined to be compatible with the surrounding uses, subject to specific conditions imposed. The Master Plan Approval for the sale of a full line of alcoholic beverages on the subject site will not further degrade adjacent properties. The request will not alter the location, size, height, or any other significant features associated with the overall development of the Hyatt House mixed-use development. The sale and on-site consumption of alcoholic beverages shall be restricted to premises of the conference center.

To reduce potential nuisances and criminal activity from occurring, conditions and security measures have been adopted to ensure the safety and welfare of the community and to encourage responsible management. Between 10-15 employees will be staffed during a scheduled event with all employees fulfilling the required training pertaining to alcohol sales, an on-site security program will provide safeguards against alcohol-related issues, USC campus security personnel will ensure that alcohol consumption is conducted in a responsible manner, and all personnel will enforce the 10 p.m. curfew loitering laws concerning minors within the grounds. As conditioned, the proposed development and operation of the USC Conference Center will not adversely affect or further degrade adjacent properties, the surrounding neighborhood, or the public health, welfare and safety and the development of the community.

3. The project substantially conforms with the purpose, intent and provisions of the General Plan, the applicable community plan, and any specific plan.

The twelve elements of the General Plan establish policies that provide for the regulatory environment in managing the City and for addressing concerns and issues. The majority of the policies derived from these Elements are in the form of Code Requirements of the Los Angeles Municipal Code (LAMC). Except for the entitlement described herein, the project does not propose to deviate from any of the requirements of the LAMC.

The Land Use Element of the City's General Plan divides the City into 35 Community Plans. The subject site is located within the Northeast Los Angeles Community Plan area, and designates the land use as General Commercial with the corresponding zones C1, CR, C1.5, C2, C4, P, and RAS3.

The Northeast Los Angeles Community Plan identifies the project site as being within a portion of the Lincoln Heights neighborhood (County-USC Medical Center and USC Health Science Campus) posed with unique opportunities and challenges. Within the past decade, the subject property been approved of:

- Zone and Height change from CM-1 to [T][Q]C2-2 (Case No. CPC-2013-7-GPA-ZC-

ZAD-SPR);

- Two General Plan Amendments approving the change from Limited Industrial to General Commercial, and the reclassification of streets within the USC Health Science Campus (Case No. CPC-2013-7-GPA-ZC-ZAD-SPR and Case No. CPC-2011-3043-GPA)
- Parcel Map approving the subdivision of commercial and residential lots (Case No. AA-2014-599-PMLA);
- Two Site Plan Reviews approving a new graduate student housing complex, childcare facility, and hotel (Case No. CPC-2015-376-MCUP-ZV-ZAD-SPR and Case No. CPC-2013-7-GPA-ZC-ZAD-SPR); and more

With the property transitioning into commercial use, the Community Plan acknowledges opportunities that will increase compatibility and complimentary uses between commercial and institutional areas. The USC Conference Center will provide a gathering space for students, faculty, visiting scholars and medical professionals of the USC Health Science Campus. With the subject property adjacent to a student housing complex and several medical and public facilities, the addition of a conference center will provide a beneficial and complementary use for the community. It will provide the necessary amenities to host conferences, meetings, and social events such as seating, food service, and access to lodging accommodations.

The Community Plan text is silent with regards to alcohol sales, therefore in such cases the Zoning Administrator must interpret the intent of the plan. Approval of the applicant's request is consistent with the plan's objectives and policies, including:

- **Objective 2-2:** *To enhance the identity and appearance of commercial districts;*
 - **Policy 2-2.2:** *Require that projects in commercial areas be designed and developed to achieve a high level of quality, distinctive character, and compatibility with appropriate existing uses and development limited conversion to accommodate affordable residential uses.*

The Framework Element identifies conference centers as a "community center". Community Centers "contain a diversity of uses such as small offices, overnight accommodations, cultural and entertainment facilities, schools and libraries in addition to neighborhood-oriented uses". As such, the subject project is consistent with the objectives and policies related to the [Q]C2-2 zone in the following matter:

- **Objective 3.9** *Reinforce existing and encourage new community centers, which accommodate a broad range of uses that serve the needs of adjacent residents, promote neighborhood and community activity, are compatible with adjacent neighborhoods, and are developed to be desirable places in which to live, work and visit, both in daytime and nighttime;*
 - **Policy 3.9.2:** *Encourage the integration of school classrooms, libraries, and similar educational cultural facilities within commercial, office, and mixed commercial-residential structures*

The proposed USC Conference Center also adheres with the objectives of the Adelante-Eastside Redevelopment Plan notably:

- **§ 106.1:** *Improve the quality of life for those who live and work in and visit the Project*

Area through enhanced business, employment, housing, shopping, entertainment, recreational, and educational opportunities.

The project supports the objectives and policies of the above plans providing a beneficial and complementary use to the USC Health Science Campus community. The required findings have been made and the operation has been imposed with conditions of approval. Therefore, the project conforms to the purpose, intent, and provisions of the General Plan, the Northeast Los Angeles Community Plan, and the Adelante-Eastside Redevelopment Plan.

4. The proposed use will not adversely affect the welfare of the pertinent community.

The approval of the Master Plan Approval request for the sale and dispensing of a full line of alcoholic beverages for on-site consumption in conjunction with the subject hotel will not adversely affect the welfare of the community. The site was entitled for a Master Conditional Use Permit multiple establishments to sell alcoholic beverages on-site. It will provide the students, faculty, and visiting scholars of the USC Health Sciences Campus a gathering place for meetings, conferences, and social events, as well as invite other interested parties the opportunity to host events such as celebratory parties, receptions, and corporate events. The incidental sale of alcohol will provide a desired service for guests, enhancing their experience at the conference center. In addition, the project will positively impact the public and economic welfare of the community by generating new job opportunities and tax revenue. While the proposed USC Conference Center will be a new use to the area, conditions have been imposed to safeguard against any nuisances and criminal activity associated with the sale and consumption of alcohol.

With oversight from the California Department of Alcoholic Beverage Control (ABC) and the conditions which have been imposed upon the conference center, the project will be compatible with the character of the immediate neighborhood. Such conditions include the requirement of security measures such as a surveillance system and deterrence of graffiti and loitering. In addition, the grant requires the use and maintenance of an age verification device to deter underage purchases and drinking. Employees must also undergo STAR (Standardized Training for Alcohol Retailers) training, provided by the Los Angeles Police Department, LEAD (Licensee Education on Alcohol and Drugs) training, or RBS (Responsible Beverage Service) provided by the Department of Alcoholic Beverage Control. Both the Conditions of Approval and the requirements of the State Alcoholic Beverage Control agency are intended to protect the public health, welfare, and safety of the community. Therefore, it is expected that the sale and dispensing of alcohol will not adversely affect the welfare of the pertinent community.

5. The granting of the application will not result in an undue concentration of premises for the sale or dispensing for consideration of alcoholic beverages, including beer and wine, in the area of the City involved, giving consideration to applicable State laws and to the California Department of Alcoholic Beverage Control's guidelines for undue concentration; and also giving consideration to the number and proximity of these establishments within a one thousand foot radius of the site, the crime rate in the area (especially those crimes involving public drunkenness, the illegal sale or use of narcotics, drugs or alcohol, disturbing the peace and disorderly conduct), and whether revocation or nuisance proceedings have been initiated for any use in the area.

According to the California Department of Alcoholic Beverage Control's (ABC) licensing criteria, two (2) on-sale and one (1) off-sale consumption licenses are allocated and authorized to the subject census tract (Census Tract 2033). Currently there are 3 establishments holding active, alcohol licenses in the census tract which include:

- (1) *Type 20: Off-Sale Beer and Wine*
- (1) *Type 41: On-Sale Beer and Wine – Eating Place*
- (1) *Type 51: Club*

Within 1,000 feet of the subject site there are two (2) alcohol-selling establishments holding a total of two (2) alcohol licenses. They include:

- (1) *Type 41: On-Sale Beer and Wine – Eating Place*, Art's Coffeeshop
- (1) *Type 51: Club*, Edmondson Faculty Center

According to statistics provided by the Los Angeles Police Department's Central Division Vice Unit, within Crime Reporting District No. 443, which has jurisdiction over the subject property, a total of 164 crimes were reported in 2019 (121 Part I, Crimes and 43 Part II, Arrests), compared to the Citywide Average of 170 crimes and compared to the High Crimes average of 204 crimes for the same reporting period. Part I Crimes reported by LAPD include Homicide (0), Rape (1), Robbery (8), Aggravated Assault (13), Burglary (11), Auto Theft (9), and Larceny (79). Part II Crimes reported include, Narcotics (8), Liquor Laws (0), Public Drunkenness (0), Disturbing the Peace (0), Disorderly Conduct (0), Gambling (0), DUI related (6), Moving Traffic Violations (3), Miscellaneous Other Violations (15) and other offenses (5). Of the 164 total crimes reported for the Reporting District, 6 arrests were made for driving under the influence.

The concentration of alcohol licenses in a given area can be undue if the addition of a license will negatively impact the surrounding neighborhood. Concentration is not undue when the approval of a license does not negatively impact the neighborhood, rather it serves a public convenience to the community. The subject request allowing the sale of a full line of alcoholic beverages for on-site consumption at the USC Conference Center will not, by itself, contribute to an undue concentration of on-sale licenses within the Census Tract with respect to the maximum number authorized and it being located within a crime reporting district where the crime rate is below the Citywide average. However, with the MCUP of 2015 permitting on-sale alcohol service for up to five establishments on the subject property and the Hyatt House hotel's pending request (Case No. ZA-2020-1128-MPA), the number of licenses will surpass the authorized threshold.

Similar to other campus settings, including USC's main University Park Campus, the sale and dispensing of alcohol at conference rooms and banquet halls is typical given their ancillary use and service to support a large campus population. It is a desirable service which enhances guest experience at events. With one other similar establishment (Edmond Faculty Center) in USC's Health Science Campus, the demand for gathering spaces such as the USC Conference Center capable of hosting conferences, receptions, and other social events justifies the need for an additional establishment serving alcohol. Therefore, the sale and dispensing of alcohol will not contribute to an undue concentration of alcohol licenses in the area.

Conditions have been imposed in the grant to mitigate potential nuisances and criminal activity at the subject property. ABC has discretion to approve an application if there is evidence that normal operations will not be contrary to public welfare and will not interfere with the quiet enjoyment of property by residents. In addition, negative impacts commonly associated with the sale of alcohol for on-site consumption such as criminal activity, public drunkenness, and loitering are mitigated by the imposition of conditions set forth by the Zoning Administrator to safeguard the welfare of the community. For example, conference center staff responsible for serving alcohol to patrons must complete the required training pertaining to alcohol sales and security personnel will be present to monitor responsible

behavior. The operation of the USC Conference Center, in conjunction with the sale and dispensing of a full line of alcoholic beverages for on-site consumption will serve to enhance the character of the area while operating in a manner that will be responsible and considerate of its surrounding uses.

6. **The proposed use will not detrimentally affect nearby residentially zoned communities in the area of the City involved, after giving consideration to the distance of the proposed use from residential buildings, churches, schools, hospitals, public playgrounds and other similar uses, and other establishments dispensing, for sale or other consideration, alcoholic beverages, including beer and wine.**

The project site is zoned for commercial use and will operate as a conference center hosting various events. The USC Conference Center will operate within the USC Health Sciences Campus, an area predominantly comprised of institutional (academic and medical) and public facilities. It will provide a beneficial service to the community by serving as a gathering space for meetings, conferences, and social events hosted by neighboring graduate students and staff of the USC Health Science Campus. Located on the basement level of the Hyatt House hotel development, nuisances and issues related to the sale and consumption of alcohol at the conference center will be minimized. Although it occupies the same building as the Hyatt House hotel and prospective retail and restaurant tenants, they are not connected to each other. Public entry to and from the conference center will only be accessible from San Pablo Street, and will not be facing any sensitive uses. The following sensitive uses and alcohol establishments are located within a 1,000-foot radius of the site:

Sensitive Uses

Lincoln Park	3501 Valley Blvd.
El Parque de Mexico	Mission Rd./Valley Blvd.

Consideration has been given to the distance of the subject establishment from the above-referenced sensitive use. Testimony received during the public hearing expressed concern over potential impacts to Bravo Medical Magnet School which is feet from the subject premises. Exiting traffic from the conference facility is required to exit onto Valley Boulevard - the opposite direction of the magnet school to avoid any conflicts. The grant has been well-conditioned, which should protect the health, safety, and welfare of the surrounding neighbors. The potential effects of excessive noise or disruptive behavior have been considered and addressed by imposing conditions related to noise and loitering. The project is consistent with the zoning and in keeping with the existing uses adjacent to the development. This project will contribute to the USC Health Science Campus in Boyle Heights and will serve the neighboring residents, local employees, and visitor visitors. Therefore, as

conditioned, the project will not detrimentally affect residentially zoned properties or any other sensitive uses in the area.
