

ENVIRONMENTAL ASSESSMENT FORM

THIS BOX FOR CITY PLANNING STAFF USE ONLY

Environmental Case No.: _____

Related Case Nos.: _____

Filed With: _____ **Date Filed:** _____

Accepted By: _____ **Date Accepted:** _____

All terms in this document are applicable to the singular as well as the plural forms of such terms.

Project Address¹: 5845-5901 N. Sepulveda Boulevard, Los Angeles, CA 91411

Assessor's Parcel Number: 2243-001-018

Major Cross Streets: Less than 0.35 miles north of Sepulveda Blvd and Burbank Blvd

Community Plan: Van Nuys - North Sherman Oaks

OVERVIEW

The California Environmental Quality Act, also known as CEQA, was enacted by the State of California in 1970 to establish statewide regulations for the environmental review of discretionary projects. The CEQA review process is intended to foster transparency and integrity in public decision-making while ensuring land use decisions take into account the full impacts of development on natural and human environments. Before a discretionary project may be approved by the City, the Department must determine the appropriate level of CEQA review and conduct the corresponding type of environmental analysis.

Under CEQA, a project's potential impacts on the environment will fall into one of the following categories: Statutory Exemption (including the Sustainable Communities Project Exemption [SCPE]), Categorical Exemption (CE), Negative Declaration (ND), Mitigated Negative Declaration (MND), Sustainable Communities Environmental Assessment (SCEA), Sustainable Communities Environmental Impact Report (SCEIR), or Environmental Impact Report (EIR).

The purpose of this form is to assist Planning staff in determining the appropriate environmental clearance for a project. Unless otherwise specified on the pages that follow, provide all applicable information in narrative form or in a separate attachment to the Environmental Assessment Form (EAF). Any missing, incomplete, or inconsistent information will cause delays in the processing of your application.

¹ Project address must include all addresses on the subject site (as identified in ZIMAS; <http://zimas.lacity.org>).

PROJECT DESCRIPTION

Describe the entire project scope and any related entitlement requests. Attach a separate sheet if necessary. The description must include and/or describe:

- All phases and plans for future expansion
- Total square footage for:
 - Existing Development
 - Proposed Demolition
 - Proposed Construction
 - Summary of gross and net new square footage
- All uses, building heights (stories/feet), land use and zoning, floor area ratio (FAR), density, trees or protected tree removals, excavation/grading activities, construction staging areas, haul routes, street vacations or off-site improvements, sustainability features, hours of operation, etc.

Consider using tables to compare square footages or other aspects of the project.

Project Description:

Demolition of existing 8,892 SF auto repair facility and improvements for the construction of a new 8-story mixed-use building with 80 residential units, including 12 very low income units, 5 moderate income units, and 1 manager's unit, and 2,258 SF of ground floor commercial space. There will be 5 levels of residential units over 3 levels of parking and commercial space, reaching 95'-2" in height. In total, the Project builds 79,153 SF of gross square footage (70,261 net-new SF), with an FAR of 3.42: 1, including 6,700 SF of open space and 20 net-new trees. Includes development incentives and waivers pursuant to the Density Bonus Affordable Housing Incentive Program.

Additional Information Attached

YES NO

PROJECT & PROJECT SITE INFORMATION

ZONING/LAND USE

	Existing	Proposed
General Plan Land Use Designation	Limited Manufacturing	Limited Manufacturing
Zoning	M1-1-RIO	M1-1-RIO
Use (e.g., apartments, restaurant, retail)	Auto sales and service	Mixed-Use commercial and residential

PROJECT SITE

	Square Feet	Acres
Gross Lot Area	25,480 SF	0.585 ac
Net Lot Area	25,480 SF	0.585 ac

SLOPE²

Identify how much of the property is:

< 10% slope: 100% 10-15% slope: _____ > 15% slope: _____

*If slopes over 10% exist, a **Topographic Map** is required.*

PROJECT SIZE

Total square footage of the existing development:	8,892 SF
Square footage to be demolished:	8,892 SF
Square footage to be built:	79,153 SF
Net new square footage:	70,261 SF
Total gross square footage:	79,153 SF

PROPOSED USES

Residential square footage:	76,895 SF
Commercial square footage:	2,258 SF
Industrial square footage:	0 SF
Other square footage (indicate use):	N/A

DWELLING UNITS

Number of residential units and type:	25 studios, 40 1 bds, 15 2 bds (80 total)
Number of hotel guestrooms:	0
Net new units or hotel guestrooms:	80 units

² As defined in LAMC Section 12.03 of Chapter 1 or LAMC Division 14.2 (Glossary) of Chapter 1A, as applicable based on a property's subject zoning.

BUILDING HEIGHT

Total number of stories at or above ground: 8 stories

Maximum height: 95'-2"

LOT COVERAGE

Indicate the percent of the total lot area that is proposed for:

Building footprint:	91 %	Permeable hardscape:	0.008 %
Paving/hardscape:	16.4 %	Landscaping:	11.4 %
	Including on the building		Including on the building

EXISTING AND PROPOSED DEVELOPMENT

Does the project only involve a remodel or change of use of an existing interior space? YES NO

If YES, indicate the total size of the interior space: _____

Does the property contain any vacant structures? YES NO

If YES, describe and state how long it has been vacant: _____

Does the project propose the removal or demolition of any structures? YES NO

If YES, provide the number, type, age, and total square footage of structures to be removed:

Demo of two 1-story buildings and associated surface parking; total SF of the two buildings to be removed is 8,892 SF. Though there have been slight alterations since, the age of the eastern, U-shaped building is 62 years (constructed in 1962) and the age of the L-shaped, western building is 37 years (constructed in 1987).

Does the project propose to remove any residential dwellings? YES NO

If YES, indicate the number of units: _____

Does the project include a pool and/or hot tub? YES NO

If YES, provide the total number of gallons of water: _____

SENSITIVE USES

Is the project site located within 500 feet of any of the following sensitive uses: residences (single-family, apartments, or condominiums), transient lodgings, and/or retirement homes, long-term health care facilities, rehabilitation centers, and convalescent centers; hospitals; schools and childcare centers; parks and playgrounds; churches; auditoriums, concert halls, amphitheaters, and/or recording studios?

YES NO

If YES, describe use and proximity:

The Project Site is within 500 feet of single-family residences along Halbrent Ave and Califa St, east of Sepulveda.

HOURS OF OPERATION

The hours of operation of the proposed project:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
TBD	TBD	TBD	TBD	TBD	TBD	TBD

SPECIAL EVENTS

Will there be special events not normally associated with day-to-day operations (e.g., fundraisers, parties, parent-teacher nights, athletic events, graduations)?

YES NO

If YES, describe the number of events, type, duration, and frequency proposed:

TREES

Are there any protected and/or non-protected trees and shrubs³ on the project site and/ or within the adjacent public right-of-way, that may be removed or impacted⁴ as a result of the project? YES NO

Existing number of trees onsite: 0

Existing number of protected trees/shrubs onsite: 0

Existing number of street trees adjacent to the project site: 0

If a protected tree or shrub (as defined in LAMC Chapter 4, Article 6, Section 46.00 (Protected Trees and Shrub Regulations)) occurs onsite, or any trees will be removed, replaced, relocated, or impacted, a **Tree Report** is required. Refer to the Tree Report Template (CP-4068) for additional instructions. If NO, a Tree Disclosure Statement (CP-4067) is required.

Tree Report Attached YES NO N/A

Tree Disclosure Statement Attached YES NO N/A

GRADING

Specify the total amount of soil being moved:

Grading for Cut:	0	cubic yards
Grading for Fill:	0	cubic yards
Total Grading:	0	cubic yards (<u>including</u> BHO-exempt grading)
Overexcavation/Recompaction:	3,000	cubic yards

If subject to the Baseline Hillside Ordinance (BHO) per LAMC Section 12.21 C.10 of Chapter 1, identify the following exemptions, where applicable:

Remedial Grading as defined in LAMC Section 12.03: _____ cubic yards
(Must be recommended in Geotechnical Report and *approved* by the LADBS Grading Division)

Cut and/or Fill for driveway: _____ cubic yards
(Maximum exemption is 500 cubic yards)

Cut and/or Fill for deepened foundation systems: _____ cubic yards

Fill resulting from Cut underneath the main building footprint: _____ cubic yards
(Maximum exemption cannot exceed 50% of said Cut)

³ For a list of protected trees and shrubs, refer to the Tree Disclosure Statement (CP-4067).

⁴ Impacted means that grading or construction activity will be conducted within five feet of, or underneath, the tree's canopy.

HAUL ROUTE⁵

Indicate the amount of soil to be exported and/or imported:

- Less than 1,000 cubic yards
 1,000 cubic yards or more

Provide the following details only if the project is exporting/importing soil amount of 1,000 cubic yards or greater:

Soil Export Amount: _____ cubic yards (including a 25% swell factor)

Location of Disposal Site: _____

Soil Import Amount: _____ cubic yards

Location of Borrow Site: _____

RETAINING WALLS

Does the project include retaining walls?

- YES NO

If YES, describe:

ENVIRONMENTAL CHECKLIST

Any technical study identified as required below shall be submitted at the time of case filing. Projects submitting an EIR may submit the technical studies at a later date.

AIR QUALITY

Does the proposed project include:

- 80 or more residential units? YES NO
75,000 sq. ft. or more of non-residential use? YES NO
20,000 or more cubic yards of soil export? YES NO

If ANY of the three boxes are marked as YES, provide an **Air Quality Study**.

⁵ Haul Route approval will be required if the project is located within a BOE Special Grading Area and is exporting / importing 1,000 cubic yards or greater. If the project includes a subdivision map, the Deputy Advisory Agency has the authority to act on the Haul Route; otherwise, a separate public hearing and approval will be required by the Board of Building and Safety Commissioners.

BIOLOGICAL RESOURCES

Does the project propose any grading, new construction, or expansion of any building footprint? YES NO

*If NO, provide an **Owner's Declaration of Biological Resources (CP-3612)**.
If YES, continue below.*

Will the project remove any vegetation? YES NO

Will the project remove any protected trees or shrubs? YES NO

Would the project alter or encroach upon any water resources? YES NO

*If all three boxes are marked as NO, provide an **Owner's Declaration of Biological Resources (CP-3612)**.*

*If any of the three boxes are marked as YES and the project is within a hillside area and/or coastal zone, provide a **Biologist's Statement of Biological Resources (CP-3613)**.*

*If any of the three boxes are marked as YES and the project is not within a hillside area and/or coastal zone, provide an **Owner's Declaration of Biological Resources (CP-3612)**.*

HISTORICAL RESOURCES

Identification of Historical Resources Listed or Eligible for Listing

Are there any resources on or adjacent to the project site that are listed or eligible for listing under federal, state, or local landmark or historic district programs? Properties may include buildings, structures, sites, objects, and components of districts. YES NO

If YES, indicate which of the following apply, and skip to "Analysis of Project Impacts".

National Register of Historic Places: _____

California Register of Historical Resources: _____

City of Los Angeles Historic-Cultural Monument (HCM): _____

Located within a City of Los Angeles Historic Preservation Overlay Zone (HPOZ): _____

Evaluation of Potential Historical Resources

Are there any properties on or adjacent to the project site that have been identified in a federal, State or local register? YES NO

If YES, indicate which: _____

Are there any properties on or adjacent to the project site that have been previously identified in a historic resources survey? YES NO

If YES, indicate which of the following apply and identify the name and/or address of the identified property and the geographic plan area in which the property is located: _____

Identified in SurveyLA: _____

Identified in CRA/LA Survey: _____

Identified in Specific Plan: _____

Identified in Other Geographic Overlay(s): _____

Does the Project Site contain any buildings over 45 years old that are not visible from the public right-of-way? YES NO

If YES to any of the above, provide a **Historical Resource Assessment Report**.

Analysis of Project Impacts

If there are any properties listed or evaluated eligible for listing in **Historical Resource Assessment Report** on or adjacent to the project site, provide the applicable document below:

- Historical Resource Technical Report (HRTR)** is required for projects involving the demolition, construction, rehabilitation, relocation, or alteration of an identified historical resource. An HRTR should be prepared in support of an EIR, SCEA, MND/ND, SCPE, and/or Class 32 CE.
- Secretary of the Interior's Standards Compliance Memorandum** is required for projects involving the rehabilitation, relocation, or alteration of an identified historical resource seeking a Class 31 CE.

HAZARDS AND HAZARDOUS MATERIALS

Is the project site listed in any of the databases that compose the Cortese List of hazardous wastes and substances, maintained by the California Environmental Protection Agency (CalEPA)? These database resources can be located online at the following address: <https://calepa.ca.gov/SiteCleanup/CorteseList>.

Check all that apply.

- Department of Toxic Substances Control (DTSC): EnviroStor database
- State Water Board: GeoTracker database of leaking underground storage tank sites
- State Water Board: List of solid waste disposal sites with waste constituents above hazardous waste levels
- State Water Board: List of active Cease and Desist Orders and Cleanup and Abatement Orders
- DTSC: List of hazardous waste facilities subject to corrective action
- None of the Above

If the project site is listed in ANY of the above databases, the project is ineligible for a CE, a **Phase I Environmental Site Assessment (ESA)** is required, and the project may incur other restrictions or requirements.

Notwithstanding the checklist above, is the project proposed on land that is or was developed with a dry cleaning, automobile repair, gasoline station, or industrial / manufacturing use, or other similar type of use that may have resulted in site contamination? YES NO

If YES, describe:

Site is a used auto-repair shop that includes sales and service.

If YES, provide a **Phase I Environmental Site Assessment (ESA)**.

TRANSPORTATION

Is the project required, or voluntarily proposing, to make modifications to the public right-of-way (i.e., dedications and/or improvements, reconfigurations of the curb line)? YES NO

If YES, complete Sections A, B, and C of **Attachment D: Plan Consistency Worksheet** of the Transportation Assessment Guidelines. Review by the Department of Transportation (LADOT) will be required to determine if the project's proposed changes to the public right of way conflicts with any plans, programs, ordinances, or policies.

Is the project proposing new driveways, or introducing new vehicle access to the property from the public right-of-way on a street designated as a Boulevard or Avenue, or on a collector or local street within 75 feet from the intersecting street? YES NO

If YES, contact LADOT to initiate a **Transportation Engineering Design Review** by LADOT.

A development project must also be screened to determine if a **Transportation Assessment** review by LADOT is required to analyze a potential increase in Vehicle Miles Traveled (VMT). Complete the **Transportation Study Assessment (CP13-2151.1)** to determine if the project needs to complete a VMT analysis.

If a Transportation Study Assessment (CP13-2151.1) has been completed, did the results indicate that a VMT analysis would be needed? YES NO
 NOT COMPLETED

MISCELLANEOUS

Does the property contain any easements, rights-of-ways, Covenant & Agreements, parking agreements, or other contracts which restrict full use of the property?

YES NO

If YES, describe:

Will the project require certification, authorization, clearance or issuance of a permit by any federal, State, county, or environmental control agency, such as the Coastal Commission, California Department of Fish and Wildlife, State Water Resources Board, South Coast Air Quality Management District, etc.?

YES NO

If YES, specify:

REQUESTED ENVIRONMENTAL CLEARANCE

CATEGORICAL EXEMPTION (CE)

Check all that apply below:

Check this box if you are requesting a CE and:

You do not meet any of the exceptions listed in Section 15300.2 of the State CEQA Guidelines.

Check this box if you are requesting a Class 1–30 or 33 CE.

Identify the Class of the CE which you are requesting: _____

Check this box if you are requesting a Class 31 CE and:

A Secretary of the Interior's Standards Compliance Memorandum is attached.

Check this box if you are requesting a Class 32 CE and:

- The Special Requirements for the Class 32 CE ([CP-7828](#)) have been reviewed;
- Written justifications identified in the Special Requirements ([CP-7828](#)) and any supporting documents and/or technical studies to support your position that the proposed project is eligible for the Class 32 CE and does not fall under any of the Exceptions pursuant to CEQA Section 15300.2 have been included; and
- This project would not result in any significant traffic, noise, air quality, or water quality impacts.

STATUTORY EXEMPTION

Check this box if you are requesting a Statutory Exemption.

Identify the Code and Section under which a Statutory Exemption is being requested: _____

NEGATIVE DECLARATION (ND) OR MITIGATED NEGATIVE DECLARATION (MND)

Check this box if you are requesting an ND or MND.

Is a consultant-prepared Initial Study attached? YES NO

PROJECT WITHIN THE SCOPE OF THE HOUSING ELEMENT PROGRAM EIR

Check this box if you have reviewed the CEQA Streamlining Checklist and believe that your project is within the scope of the Housing Element Program EIR

Is a completed CEQA Streamlining Checklist attached? YES NO

ENVIRONMENTAL IMPACT REPORT (EIR)

Check this box if you are requesting an EIR. Note that a consultation with the Major Projects Unit is required prior to filing.

A consultation has been completed. YES NO

Date consultation completed: _____

SENATE BILL (SB) 375 CEQA STREAMLINING REQUEST

SB 375 introduced a series of streamlined CEQA environmental clearances for qualifying Transit Priority Projects (TPPs) pursuant to Public Resources Code (PRC) 21155, intended to encourage higher density infill development located near transit. The SB 375 clearances include Sustainable Communities Project Exemptions (SCPEs), Sustainable Communities Environmental Assessments (SCEAs), and Sustainable Communities Environmental Impact Reports (SCEIRs). Projects are eligible to seek one of these clearances if they meet the statutory requirements for TPPs **and** the qualifying requirements for the applicable environmental clearance.

- Check this box if you are requesting a SB 375 environmental clearance, and indicate below which type you are requesting (choose only one):**
- SCPE.** The Project is required to meet all criteria listed for a Transit Priority Project pursuant to PRC Section 21155 and for a SCPE pursuant to PRC Section 21155.1.
 - SCEA.** The Project is required to meet all criteria listed for a Transit Priority Project pursuant to PRC Section 21155 and for a SCEA pursuant to PRC Section 21155.2(a) and 21155.2(b).
 - SCEIR.** The Project is required to meet all criteria listed for a Transit Priority Project pursuant to PRC Section 21155 and for a SCEIR pursuant to PRC Sections 21155.2(a) and 21155.2(c).

Written justifications and any supporting documents and/or technical studies are required to support the position that the proposed Project is eligible for one of these three SB 375 CEQA streamlining clearances.

Note that requesting a SCPE, SCEA, or SCEIR, or other environmental clearance does not guarantee that the request will be accepted. The City may require additional studies and information, if necessary. The City reserves all rights to determine the appropriate CEQA clearance, including using multiple clearances and requiring an EIR if necessary.

being duly sworn, state that the statements and information, including plans and other attachments, contained in this Environmental Assessment Form are in all respects true and correct to the best of my knowledge and belief. I hereby certify that I have fully informed the City of the nature of the Project for purposes of the California Environmental Quality Act (CEQA) and have not submitted this application with the intention of segmenting a larger Project in violation of CEQA. I understand that should the City determine that the Project is part of a larger project for purposes of CEQA; the City may revoke any approvals and/or stay any subsequent entitlements or permits (including certificates of occupancy) until a full and complete CEQA analysis is reviewed and appropriate CEQA clearance is adopted or certified.

REQUIRED SUBMITTAL MATERIALS

The following materials are required when submitting an EAF. All materials should reflect the entire Project, not just the area in need of the entitlement request. The required submittal materials are in addition to those required for any case/application with which the EAF is being filed. Materials shall be consistent with, or duplicates of, what is being submitted for the related application.

The City of Los Angeles may determine at a later point in time, consistent with CEQA Section 15060, that additional technical studies or reports may be required, including but not limited to shade/shadow studies, air quality studies, biological and species-specific resource reports, cultural resources assessments, energy assessments, geology and soils reports, greenhouse gas studies, phase I and phase II environmental site assessments, soils management plans, noise studies, transportation reports, etc.

- Duplicate Copy of Application Materials:** Provide one duplicate hard copy of the following materials required as part of the main application. Refer to the DCP Application Filing Instructions (CP13-7810), Parcel Map Filings Instructions (CP13-1801), or Tract Map Filing Instructions (CP-6110), as applicable.
 - Application Form (e.g., DCP Application Form [CP13-7771.1] and/or Subdivider's Statement [CP-6111], as applicable)
 - One set of 11" x 17" reduced size Project Plans (e.g., Plot/Site Plan, Elevations, Landscape Plan) and/or Subdivision Map, as applicable
 - Vicinity Map
 - Index Map and Color Photographs
 - Referral Forms, as applicable
- Topographic Map:** Provide one copy of a Topographic Map if slopes over 10% exist on the project site. If the site is over 50 acres, 1" = 200' scale is acceptable.
- Geology & Soils Report:** Provide one copy of the full report, including all appendices, grading plans (including the location and amounts of cut and/or fill, and export/import amounts), site plan and elevations illustrating any proposed retaining walls; and receipt from LADBS showing payment for report review. If available, the Geology and Soils Report Approval Letter from the LADBS - Grading Division shall be required at the time of filing.
- Electronic Copy of EAF Materials:** Provide an electronic copy of all EAF materials on a USB flash drive. Save each item as individual PDFs and label accordingly (e.g., "EAF.pdf", "Haul Route Application.pdf", "Tree Report.pdf", "Project Plans.pdf", "Photos.pdf"). No individual file should exceed 70 MB in size.
